ONTARIO ENERGY BOARD

NOTICE OF A HEARING

Hydro One Networks Inc. has applied for approval to build a high-voltage transmission line in the Brampton area of southwest Ontario

Hydro One Networks Inc. (Hydro One Networks) has applied to the Ontario Energy Board (OEB) for leave to construct transmission line facilities in the Brampton area of southwest Ontario. The work involves the reconductoring of approximately 8.5 kilometres of an existing 230 kV transmission line between Hurontario Switching Station and Pleasant Transformer Station and requires minor reinforcement of the steel towers along the route (Project). Hydro One Networks says that the Project will improve the reliability and efficiency of the transmission system and provide sufficient capacity to meet expected electricity demand growth in the area.

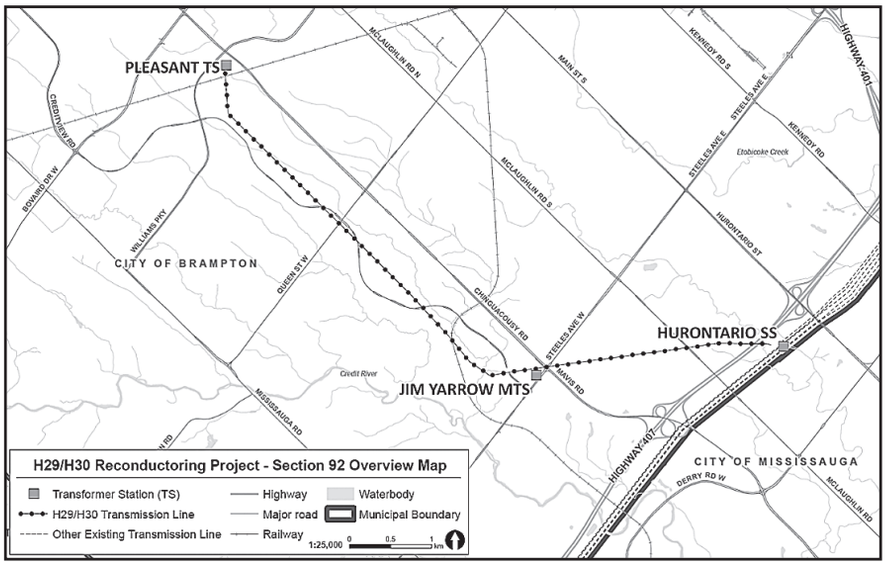
Part of the cost of the Project would be paid through a capital contribution from Alectra Utilities Corporation and Hydro One Networks' distribution business. Hydro One Networks proposes to calculate the upfront capital contribution using a 40-year revenue horizon.

Hydro One Networks is also seeking approval of the forms of land use agreements offered or to be offered to affected landowners.

The OEB approval for leave to construct is not the only approval required before a line can be built.

Environmental issues, or issues related to the Crown's duty to consult Indigenous peoples, are not part of the OEB's review unless there is a direct impact on price and the reliability and quality of electricity service.

A map of the proposed route for the transmission line is provided below:



YOU SHOULD KNOW

THE ONTARIO ENERGY BOARD WILL HOLD A PUBLIC HEARING

There are three types of OEB hearings: oral, electronic and written. Hydro One Networks requested that this application be decided without a hearing or, if the OEB decides to proceed with a hearing, that the application be heard in writing. If you have a preference for the hearing type, you can write to us to explain why.

During this hearing, we will hear questions and arguments from participants about this case. We will also hear questions and arguments from participants that have registered as Intervenors. After reviewing all the evidence, we will decide whether to approve the application.

HAVE YOUR SAY

You have the right to information about this application and to participate in the process.

Visit **www.oeb.ca/notice** and use file number **EB-2026-0254** to:

- Review the application
- Apply to become an intervenor
- File a letter with your comments

IMPORTANT DATES

You must engage with the OEB on or before **December 7, 2026** to:

- Provide input on the hearing type (oral, electronic or written)
- Apply to be an intervenor

If you do not, the hearing will move forward without you, and you will not receive any further notice of the proceeding.

If you write a letter of comment, your name and the content of your letter will be put on the public record and the OEB website. If you are a business or if you apply to become an intervenor, all the information you file will be on the OEB website.
