

Hydro One Contractor FAQs

Who can register to the Hydro One Talent Source Community or apply for contract opportunities?

Individuals seeking contract (contingent) opportunities and meet requirements for contracting at Hydro One. Click [here](#) to register.

What are the benefits of joining Hydro One's Talent Source Community?

You will have access to view all open contract opportunities, receive real-time alerts with job postings that you are a good match for, and be able to view and apply to roles of interest.

What is the length of a typical contractor role?

Role lengths vary based on a project up to 24 months.

Should I sign up if I am a current Hydro One contingent worker?

Yes, we encourage current Hydro One contractors to complete a profile and benefit from the program.

What is the process after I register?

You will be able to complete your Hydro One Talent Source Community profile, including job titles, skills, rate, location, and previous Hydro One experience to match you with open opportunities. You will then be able to view and apply to both job matches and other open job opportunities of interest.

What do I do if I forget my login information?

You may request a login and password reset [here](#).

What is the best format for uploading my resume?

A PDF is recommended.

What notifications will I receive from the Hydro One Talent Source Community?

Machine Learning & AI matching will connect you with relevant job opportunities and send you notifications when new roles that fit your skills are released. You can adjust your notification cadence in the settings on your profile, we recommend using "real-time" notifications because roles are in high demand and positions are filled quickly.
