**HYDRO ONE INC.
\$2,500,000,000
Medium Term Notes
(unsecured)**

Hydro One Inc. may offer and issue from time to time medium term notes (the "Notes") in an aggregate principal amount of up to \$2.5 billion in Canadian currency (or the equivalent thereof in other currencies or currency units at the time of issue) during the twenty-five months from the date of issuance of the receipt for this short form shelf prospectus.

The Notes will have a term to maturity of not less than one year and will be issuable in Canadian currency (or in other currencies or currency units at the time of issue) in fully registered definitive or global form, in which case the Notes will be exchangeable only under certain conditions for definitive Notes.

Notes issued hereunder will be direct unsecured obligations of our company, will be issued under a trust indenture in any number of series or separate issues thereof, and will at their respective dates of issue rank *pari passu* with all

other unsecured and unsubordinated Indebtedness (as defined below) of our company then outstanding, except as to any sinking fund which pertains exclusively to any particular Indebtedness of our company.

The specific variable terms of an offering of Notes (including the aggregate principal amount of the Notes being offered, the currency or currencies, the issue and delivery date, the form, the maturity date, the interest rate (either fixed or floating and, if floating, the manner of calculation thereof), the issue price, the interest payment date(s), any redemption or repayment provisions, any provisions entitling our company to extend the maturity date of the Notes, whether the Notes are exchangeable or convertible into other securities issued by our company or, subject to appropriate regulatory approval, by another corporation, partnership, unincorporated syndicate or organization, trust or other entity, the name(s) of the dealer(s) offering the Notes, the commission payable to such dealer(s), the method of distribution and the net proceeds to our company) will be set forth in a prospectus supplement or pricing supplement which will accompany this short form shelf prospectus. Unless otherwise indicated in a prospectus supplement or pricing supplement, the Notes will not be listed on any securities exchange.

This short form shelf prospectus does not qualify the issuance of Notes: (i) entitling the holder to exchange or convert the Notes into securities issued by another entity (other than our company); or (ii) in respect of which the payment of principal and/or interest may be determined, in whole or in part, by reference to one or more underlying interests including, for example, an equity or debt security, a statistical measure of economic or financial performance including, but not limited to, any currency, consumer price or mortgage index, or the price or value of one or more commodities, indices or other items, or any other item or formula, or any combination or basket of the foregoing items. For greater certainty, however, this short form shelf prospectus does qualify for issuance Notes in respect of which the payment of principal and/or interest may be determined, in whole or in part, by reference to published rates of a central banking authority or one or more financial institutions, such as a prime rate or a bankers' acceptance rate, or to recognized market benchmark interest rates, such as CDOR, LIBOR or EURIBOR.

There is no market through which these securities may be sold and purchasers may not be able to resell securities purchased under this short form shelf prospectus. This may affect the pricing of the securities in the secondary market, the transparency and availability of trading prices, the liquidity of the securities, and the extent of issuer regulation. See "Risk Factors".

Any statement contained in this short form shelf prospectus or in a document incorporated or deemed to be incorporated by reference herein shall be deemed to be modified or superseded and not incorporated by reference, for purposes of this short form shelf prospectus, to the extent that a statement contained herein or in any other subsequently filed document which also is or is deemed to be incorporated by reference herein modifies or supersedes such prior statement. The modifying or superseding statement need not state that it has modified or superseded a prior statement or include any other information set forth in the document that it modifies or supersedes. The making of a modifying or superseding statement shall not be deemed an admission for any purposes that the modified or superseded statement, when made, constituted a misrepresentation, an untrue statement of a material fact or an omission to state a material fact that is required to be stated or that is necessary to make a statement not misleading in light of the circumstances in which it was made. Any statement so modified or superseded shall not constitute a part of this short form shelf prospectus, except as so modified or superseded.

FORWARD-LOOKING INFORMATION

This short form shelf prospectus, including the documents incorporated by reference herein, contains forward-looking statements that are based on current expectations, estimates, forecasts and projections about the business of our company and the industry in which it operates and includes beliefs and assumptions made by the management of our company. Such statements include, but are not limited to, statements about the general development of our business; recent regulatory developments including the installation of smart meters; our strategy as it relates to safety, reliability, productivity and cost efficiency; expectations regarding key capital expenditures; expectations regarding developments in the legislative and operating framework for electricity distribution and transmission in Ontario including changes to codes, licences, rate orders and rate structures in both our transmission and distribution businesses; the nature of our relationship with our shareholder, the Province of Ontario; environmental matters; and legal proceedings in which we are currently involved. Words such as “expect”, “anticipate”, “intend”, “attempt”, “may”, “plan”, “will”, “believe”, “seek”, “estimate”, and variations of such words and similar expressions are intended to identify such forward-looking statements. These statements are not guarantees of future performance and involve assumptions and risks and uncertainties that are difficult to predict. Therefore, actual outcomes and results may differ materially from what is expressed, implied or forecasted in such forward-looking statements. While we do not know what impact any of these differences may have, our business, results of operations, financial condition and credit stability may be materially adversely affected. We do not intend, and we disclaim any obligation to update any forward-looking statements, whether written or oral, or whether as a result of new information, future events or otherwise.

These forward looking statements are based on a variety of factors and assumptions including, but not limited to: no unforeseen changes in the legislative and operating framework for Ontario’s electricity market; favourable decisions from the Ontario Energy Board concerning outstanding rate and other applications; no unforeseen changes in rate orders or rate structures for our distribution and transmission businesses; a stable competitive environment; and no significant event occurring outside the ordinary course of business such as a natural disaster or other calamity. These assumptions are based on information currently available to our company including information obtained by our company from third-party industry analysts. Factors that could cause actual results or outcomes to differ materially from the results expressed or implied by forward-looking statements include, among other things:

- the risks associated with being controlled by the Province of Ontario including potential conflicts of interest that may arise between us, the Province of Ontario and related parties;
- the risks associated with being subject to extensive regulation including risks associated with Ontario Energy Board action or inaction;
- the potential for service disruptions and increased costs if we fail to maintain and improve our aging asset base;

- the risks to our facilities posed by severe weather, other natural disasters or catastrophic events, and our limited insurance coverage for losses resulting from these events;
- the potential failure to achieve anticipated reductions in operating costs from our outsourcing arrangement with Inergi LP;
- the inability to further improve our labour productivity and the risks associated with labour disputes;
- the risks related to the high number of retirements anticipated over the next few years and our potential inability to hire and recruit replacement staff;
- the potential for substantial and currently undetermined environmental costs and liabilities;
- the risk that we are not able to arrange sufficient cost effective financing to repay maturing debt and to fund capital expenditures, dividends and other obligations;
- the risk that we may be required to make substantial contributions to our pension plan;
- the risk that we may be subject to significant costs to complete the transfer of transmission, distribution and other assets located on Indian lands; and
- the impact of the acquisition by the Province of Ontario of owned lands underlying our transmission system.

We caution you that the above list of factors is not exclusive. Some of these and other factors (including factors you should consider concerning an investment in the Notes) are discussed in more detail under “Risk Factors” in this short form shelf prospectus and in the section entitled “Risk Factors” in our annual information form and the section entitled “Risk Management and Risk Factors” in our MD&A. You should review these sections in detail.

CREDIT RATINGS

The Notes have been rated A by Standard & Poor’s Ratings Services (“S&P”), A (high) by DBRS Limited (“DBRS”) and Aa3 by Moody’s Investors Services, Inc. (“Moody’s”). The following information relating to credit ratings is based on information made available to the public by the rating agencies.

Credit ratings are intended to provide investors with an independent measure of the credit quality of an issue of securities. The rating agencies rate long-term debt instruments by rating categories ranging from a high of AAA to a low of D (C in the case of Moody’s). Long-term debt instruments which are rated in the A category by S&P mean the obligor has a strong capacity to meet its financial commitments but are considered somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher rated categories. However, the obligor’s capacity to meet its financial commitments and obligations is still strong. S&P utilizes a plus or a minus modifier to indicate the relative standing within the rating category. Long-term debt instruments which are rated in the A category by DBRS are considered to be of a satisfactory credit quality, with substantial protection of interest and principal. Entities in the A category, however, are considered to be more susceptible to adverse economic conditions and have greater cyclical tendencies than higher-rated securities. The “high” modifier indicates relative standing within this rating category by DBRS. Long-term debt instruments which are rated in the Aa category by Moody’s are judged to be of high quality and are subject to very low credit risk. Moody’s applies numerical modifiers to each generic rating classification from Aa to Caa. The modifier 3 indicates a ranking in the lower end of that generic rating category.

The ratings mentioned above are not a recommendation to purchase, sell or hold our company’s debt securities including the Notes and do not comment as to market price or suitability for a particular investor. There can be no assurance that the ratings will remain in effect for any given period of time or that the ratings will not be revised or withdrawn entirely by any or all of S&P, DBRS and Moody’s at any time in the future if in their judgment circumstances so warrant.

ELIGIBILITY FOR INVESTMENT

In the opinion of Osler, Hoskin & Harcourt LLP, counsel to our company, and Blake, Cassels & Graydon LLP, counsel to the Dealers, unless otherwise specified in the applicable prospectus supplement or pricing supplement, the Notes, if issued on the date hereof, would be qualified investments under the *Income Tax Act* (Canada) (the "Tax Act") and the regulations thereunder for a trust governed by a registered retirement savings plan, registered retirement income fund, registered education savings plan or deferred profit sharing plan (other than a trust governed by a deferred profit sharing plan for which any employer is our company or an employer who does not deal with our company at arm's length).

OUR COMPANY

We are the leading electricity transmission and distribution company in Ontario. We own and operate substantially all of Ontario's electricity transmission system, accounting for approximately 96% of Ontario's transmission capacity as measured by revenues for the year ended December 31, 2006. Our transmission system is one of the largest in North America based on assets as at December 31, 2006. Our distribution system is the largest in Ontario based on assets as at December 31, 2006 and spans approximately 75% of Ontario, serving approximately 1.3 million customers. We have three reportable segments: (1) our transmission business; (2) our distribution business; and (3) our other business.

Our transmission business, which represented approximately \$6.97 billion of our total assets of \$12.23 billion as at December 31, 2006, transmits electricity through an approximately 28,600 circuit-kilometre high-voltage network. We transmit electricity from generators to our own distribution network, 51 local distribution companies and 64 large industrial customers directly connected to our transmission system. We also own and operate 26 facilities that interconnect our transmission system with systems in neighbouring provinces and states.

Our distribution business, which represented approximately \$5.17 billion of our total assets of \$12.23 billion as at December 31, 2006, distributes electricity through our approximately 124,700 circuit-kilometre low-voltage distribution system, including phase multipliers to municipalities and in rural areas. Customers of our distribution business include 34 local distribution companies that are not directly connected to our transmission system, 48 large industrial customers and approximately 1.3 million rural and urban customers. Hydro One Brampton Networks Inc. is our urban distribution company, serving approximately 120,000 customers in the Greater Toronto Area with approximately 4,845 circuit-kilometres of lines with phase multiplier. We also operate through our subsidiary, Hydro One Remote Communities Inc., 18 small, regulated generation and distribution systems in 20 remote communities across Northern Ontario that are not connected to Ontario's electricity grid.

Our other business segment is primarily represented by the operations of Hydro One Telecom Inc. This subsidiary markets dark and lit fibre-optic capacity to telecommunications carriers and commercial customers with broadband network requirements. The assets of this segment constituted \$99 million of our total assets of \$12.23 billion as at December 31, 2006.

The Ontario Energy Board regulates our transmission and distribution businesses and issues rate orders to establish the revenue requirements required to cover the approved cost of these businesses plus a specified rate of return.

The address of the head and registered office and principal place of business of our company is 483 Bay Street, North Tower, 15th Floor, Toronto, Ontario, M5G 2P5.

EARNINGS COVERAGE RATIOS

For the twelve months ended December 31, 2006 and the twelve months ended March 31, 2007, our company's consolidated income before provision for payment in lieu of corporate income taxes and interest expensed was \$929 million and \$948 million, respectively. Interest expense for these periods was \$295 million and \$295 million, respectively. Preferred share dividends declared for these periods were \$18.0 million and \$18.0 million, respectively.

The following table sets forth the earnings coverage ratio for our company for the twelve month period ended December 31, 2006, based on audited information, and for the twelve month period ended March 31, 2007, based on unaudited information, in each case without giving effect to any Notes to be issued under this short form shelf prospectus:

	<u>December 31, 2006</u>	<u>March 31, 2007</u>
Earnings coverage on long-term debt obligations ⁽¹⁾⁽²⁾	2.65	2.72
(1) The earnings coverage ratio has been calculated as the sum of net income, interest expense (which is net of capitalized interest) and provision for payments in lieu of corporate income taxes divided by the sum of interest plus preferred dividends declared.		
(2) The earnings coverage ratio has been adjusted to give effect to the issuance on March 13, 2007 of \$400 million of 4.89% medium term notes due March 13, 2037, as if such notes had been issued at the beginning of each respective twelve month period noted above. For purposes of calculating the earnings coverage ratio for periods noted above, it has also been assumed that the proceeds of such notes were used to repay medium term notes maturing in May 2007.		

DESCRIPTION OF THE NOTES

The following is a summary of the material attributes and characteristics of the Notes, and does not purport to be complete and is qualified in its entirety by reference to the Notes and the Trust Indenture (as defined below).

The terms and conditions set forth in this section “Description of the Notes” will apply to each Note unless otherwise specified in the applicable prospectus supplement or pricing supplement. We reserve the right to set forth in a prospectus supplement or pricing supplement specific variable terms of or amendments to the Notes which are not within the options and parameters set forth in this short form shelf prospectus. References in this section “Description of the Notes” refer to all medium term notes of our company which have previously been or are to be issued under the Trust Indenture.

This short form shelf prospectus qualifies the distribution of \$2.5 billion aggregate principal amount of Notes in Canadian currency (or the equivalent thereof in other currencies or currency units at the time of issue) which have been authorized for issue under the Trust Indenture. This amount is subject to amendment from time to time as determined by our company. Our company has previously issued \$1.175 billion aggregate principal amount of medium term notes under our short form shelf prospectus dated June 24, 2005. Upon the issuance of a final receipt for this short form shelf prospectus, we will not qualify for distribution any additional Notes under the June 24, 2005 prospectus.

Notes issued hereunder will have a term to maturity of not less than one year and will be issuable in Canadian currency (or in other currencies or currency units at the time of issue) in fully registered definitive or global form, in which case the Notes will be exchangeable only under certain conditions for definitive Notes (as described under the subheading “Global Notes” below). Each interest-bearing Note will bear interest at either a fixed rate (a “Fixed Rate Note”) or a floating rate (a “Floating Rate Note”). Notes will be issued from time to time at such rates of interest and at par, at a premium or at a discount, may be subject to redemption or repayment prior to maturity, and may include terms entitling the holder to exchange or convert the Notes into other securities issued by our company, or to extend the maturity dates of the Notes, which terms shall be determined by our company based on a number of factors, including advice from the Dealers. The Notes will be unsecured and will at their respective dates of issue rank *pari passu* with all other unsecured and unsubordinated Indebtedness and obligations of our company then outstanding, except as to any sinking fund which pertains exclusively to any particular Indebtedness of our company.

Neither the aggregate principal amount of Notes which will be issued and sold nor the issue price to the public of the Notes has been established as the Notes will be issued at such times, in such amounts and at such prices as our company determines from time to time. Notes issued hereunder will be offered and sold during the twenty-five months from the date of issuance of the receipt for this short form shelf prospectus at prices negotiated with the purchasers, and the prices at which the Notes will be offered and sold may vary as between purchasers and during the distribution period. The Notes will be issued from time to time at the discretion of our company in an aggregate principal amount not to exceed \$2.5 billion in Canadian currency, or the equivalent thereof calculated at the applicable rates of exchange prevailing at the time of issue of Notes issued in currencies other than Canadian currency.

The specific variable terms of any offering of Notes, including, in the case of Floating Rate Notes, the information necessary for the calculation of interest thereon, will be set forth in a prospectus supplement or pricing supplement to this short form shelf prospectus. Where Notes are offered and sold in currencies other than Canadian dollars, the Canadian dollar equivalent of the offering price and the rate of exchange at the last feasible date will be included in the applicable prospectus supplement or pricing supplement.

Trust Indenture

The Notes will be issued under a trust indenture dated as of June 4, 2001, as supplemented or modified from time to time (the “Trust Indenture”) between our company and Computershare Trust Company of Canada, as trustee (the “Trustee”, which term shall include, unless the context requires, its successors and assigns). The following is a brief summary of the material attributes and characteristics of the Trust Indenture. This summary does not purport to be complete and reference should be made to the Trust Indenture for more detailed information.

The Trust Indenture permits the issuance from time to time of additional unsecured medium term notes without limitation as to aggregate principal amount, subject to compliance with the covenants contained therein.

The Notes will be direct obligations of our company and will rank *pari passu* with all other medium term notes from time to time issued and outstanding under the Trust Indenture and with other present and future unsubordinated and unsecured Indebtedness of our company, except as to any sinking fund which pertains exclusively to any particular Indebtedness of our company. The Notes will not be secured by any mortgage, pledge or charge, except in the circumstances referred to under the heading “Negative Pledge”.

Negative Pledge

The Trust Indenture contains provisions to the effect that our company will not, nor will it permit any Designated Subsidiary (as defined below) to, create, assume or suffer to exist any Security Interest (as defined below) on any of our or the Designated Subsidiary’s assets to secure any Obligation (as defined below) unless at the same time it shall secure all the Notes then outstanding on an equal basis. This covenant is, however, subject to the following exceptions:

- any Security Interest that secures the Obligations of a Designated Subsidiary which exists prior to the date on which it becomes a Designated Subsidiary and which (a) was not incurred in contemplation of that person becoming a Designated Subsidiary and (b) was not applicable to our company or any other Designated Subsidiary or the properties or assets of our company or any other Designated Subsidiary;
- any Security Interest granted by our company or a Designated Subsidiary to secure the Notes;
- any Purchase Money Mortgage (as defined below) or Capital Lease Obligation (as defined below) of our company or any Designated Subsidiary;
- any Security Interest on a property or asset acquired by our company or a Designated Subsidiary that secures the Obligations of a person, whether or not that Obligation is assumed by the acquiring person, which Security Interest exists at the time that property or asset is acquired and which (a) was not incurred in contemplation of that property or asset being acquired and (b) was not applicable to our company or any other Designated Subsidiary or the properties or assets of our company or any other Designated Subsidiary;
- any Security Interest given in the ordinary course of business by our company or a Designated Subsidiary to any bank or banks or other lenders to secure any Indebtedness payable on demand or maturing within 18 months of the date that Indebtedness is incurred or of the date of any renewal or extension of that Indebtedness;
- any Security Interest granted by any Designated Subsidiary in favour of our company or any Wholly-Owned Designated Subsidiary (as defined below);

- any Security Interest on or against cash or marketable debt securities pledged to secure any non-speculative Financial Instrument Obligation (as defined below) which hedges Indebtedness of our company or of a Designated Subsidiary;
- any Security Interest for taxes, assessments, government charges or claims that are being contested in good faith and in respect of which appropriate provision is made in our consolidated financial statements in accordance with Canadian generally accepted accounting principles (“Canadian GAAP”);
- Security Interests securing appeal bonds or other similar Security Interests arising in connection with contracts, bids, tenders or court proceedings, including, without limitation, surety bonds, security for costs of litigation where required by law and letters of credit, or any other instruments serving a similar purpose;
- a Security Interest in cash or marketable debt securities in a sinking fund account established by our company in support of a series of Notes;
- a lien or deposit under workers’ compensation, social security or similar legislation or good faith deposits in connection with bids, tenders, leases, contracts or expropriation proceedings, or deposits to secure public or statutory obligations or deposits of cash or obligations to secure surety and appeal bonds;
- any lien or privilege imposed by law, such as builders’, carriers’, warehousemen’s, landlords’, mechanics’ and material men’s liens and privileges, and any lien or privilege arising out of judgments or awards with respect to which our company or a Designated Subsidiary at the time is prosecuting an appeal or proceedings for review and with respect to which it has secured a stay of execution pending that appeal or proceedings for review; or any liens for taxes, assessments or governmental charges or levies not at the time due and delinquent or the validity of which is being contested at the time by our company or a Designated Subsidiary in good faith; or undetermined or inchoate lien privileges and charges incidental to current operations which have not at such time been filed pursuant to law against our company or a Designated Subsidiary or which relate to obligations not due or delinquent; or the deposit of cash or securities in connection with any lien or privilege referred to in this clause;
- any minor encumbrance, such as easements, rights-of-way, servitudes or other similar rights in land granted to or reserved by other persons, rights-of-way for sewers, electric lines, telegraph and telephone lines, oil and natural gas pipelines and other similar purposes, or zoning or other restrictions as to our company’s use of real property, which do not in the aggregate materially detract from the value of that property or materially impair its use in the operation of the business of our company or a Designated Subsidiary;
- any right reserved to or vested in, whether by statutory provision or otherwise, any municipality or governmental or other public authority to terminate, purchase assets used in connection with or require annual or other periodic payments as a condition to the continuance of, any lease, license, franchise, grant or permit acquired by our company or a Designated Subsidiary;
- any lien or right of distress reserved in or exercisable under any lease for rent and for compliance with the terms of that lease;
- any Security Interest granted by our company or a Designated Subsidiary to a public utility or any municipality or governmental or other public authority when required by that utility, municipality or other authority in connection with the operations of our company or a Designated Subsidiary;
- any reservation, limitation, proviso or condition, if any, expressed in any original grants to our company or a Designated Subsidiary from the Crown; and

- any extension, renewal, alteration, substitution or replacement, in whole or in part, of any Security Interest referred to in the foregoing clauses, provided that the Security Interest is limited to all or part of the same property that secured the Security Interest, the principal amount of the secured Obligations is not increased by that action, the term of the secured Indebtedness is not shortened and the terms and conditions are no more restrictive in any material respect than the Security Interest so extended.

In addition to the Security Interests permitted above, our company or any Designated Subsidiary may create, assume or suffer to exist any Security Interest on any of its assets if, after giving effect to that Security Interest, the aggregate amount of Indebtedness secured by the Security Interests permitted only by this paragraph does not at that time exceed 5% of the Consolidated Net Worth (as defined below) of our company.

Limitation on Funded Obligations

So long as any of the Notes issued under the Trust Indenture remain outstanding, neither our company nor any of its Designated Subsidiaries will, directly or indirectly, guarantee, incur, issue or become liable for or in respect of any Funded Obligations (as defined below) unless after giving pro forma effect to that guarantee, incurrence, issuance or liability, including the application or use of the resulting net proceeds, the aggregate principal amount of Consolidated Funded Obligations (as defined below) does not exceed 75% of the Total Consolidated Capitalization (as defined below). This covenant, however, will not prevent the incurrence of Capital Lease Obligations, Purchase Money Obligations and non-speculative Financial Instrument Obligations.

Ceasing to be a Designated Subsidiary

The Board of Directors of our company may elect that any Designated Subsidiary cease to be a Designated Subsidiary, except that an election may not be made in respect of any Designated Subsidiary:

- if the Designated Subsidiary owns any Funded Obligations of our company or any shares, voting interests or Funded Obligations of any other Designated Subsidiary;
- if the Designated Subsidiary owns or has any ownership interest in any Principal Property (as defined below); or
- if, after giving effect to the election, our company would not be entitled to issue Funded Obligations in the principal amount of at least \$1.00.

Mergers, Consolidations and Sales of Assets

Our company will not enter into any transaction in which all or substantially all of our property and assets would become the property of any other person, whether by way of reorganization, consolidation, amalgamation, arrangement, merger, transfer, sale or otherwise, unless:

- our company shall be the surviving person, or the person, if other than our company, formed by the amalgamation, consolidation or into which our company is merged or that acquires by disposition all or substantially all of the property or assets of our company shall be a company organized and validly existing under the federal laws of Canada or any of its provinces or territories and shall expressly assume, by a supplemental indenture executed and delivered to the trustee in form satisfactory to the Trustee, all of our company's obligations under the Trust Indenture;
- immediately before and after giving effect to the transaction, no Event of Default or event that with the passing of time or the giving of notice, or both, would constitute an Event of Default shall have occurred and be continuing; and
- neither our company nor any successor, either at the time of or immediately after the consummation of any such transaction, will be insolvent or generally fail to meet, or admit in writing its inability or unwillingness to meet, its obligations as they generally become due.

Events of Default

The following are Events of Default under the Trust Indenture with respect to Notes of any series:

- (1) failure to pay any principal or premium, if any, on any Notes when due, at maturity, upon redemption or otherwise and the continuance of such default for a period of five days;
- (2) failure to pay any interest on any Notes when due and the continuance of that default for a period of 45 days;
- (3) the sale, transfer or other disposition of all or substantially all of our undertaking or assets other than in accordance with the covenant described above under “Mergers, Consolidations and Sales of Assets”;
- (4) default in the performance or breach of any other covenant or agreement of our company under the Trust Indenture, any supplemental indenture or the Notes and the continuance of that default for a period of 60 days after written notice to our company by the Trustee or by holders of at least 25% of all Notes issued under the Trust Indenture;
- (5) default by our company or any Material Subsidiary (as defined below), whether as primary obligor, guarantor or surety, on any payment of principal, premium, if any, or interest on any Indebtedness, the outstanding principal amount of which Indebtedness exceeds \$100 million in the aggregate, beyond any applicable grace period or failure to perform or observe any other agreement, term or condition contained in any agreement under which that Indebtedness is created, or if any default, failure or other event under that agreement shall occur and be continuing, and the effect of that default, failure or other event is to cause \$100 million or more of that Indebtedness to become due or to be required to be repurchased prior to any stated maturity;
- (6) the rendering of a judgment or judgments, not subject to appeal, against our company or any Material Subsidiary in an aggregate amount in excess of \$100 million by a court or courts of competent jurisdiction, which judgment or judgments remain undischarged and unstayed for a period of 60 days; and
- (7) specified events of bankruptcy, insolvency or reorganization affecting our company or any Material Subsidiary.

If an Event of Default applicable only to the issued and outstanding Notes of a series occurs and is continuing, either the Trustee or the holders of not less than 25% in principal amount of Notes of that series then outstanding may declare the principal of, and interest and premium, if any, on all Notes of that series to be due and payable immediately.

If, however, an Event of Default applicable to all Notes issued and outstanding under the Trust Indenture, or an Event of Default described in clause (5), (6), or (7) above occurs and is continuing, either the Trustee or the holders of not less than 25% in principal amount of all issued and outstanding Notes, treated as one class, may declare the principal amount of all the Notes then outstanding to be due and payable immediately.

Subject to the provisions of the Trust Indenture relating to the duties of the Trustee, in case an Event of Default applicable to any Notes shall occur and be continuing, the Trustee will be under no obligation to exercise any of its rights or powers under the Trust Indenture at the request or direction of any of the holders of those Notes, unless those holders shall have offered to the Trustee reasonable indemnity. Subject to such provisions for the indemnification of the Trustee, the holders of a majority in principal amount of Notes of all series affected by an Event of Default will have the right to direct the time, method and place of conducting any proceedings for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee in respect of the Notes of all series affected by that Event of Default.

Defeasance

The Trust Indenture requires the Trustee to release our company from its obligations under the Trust Indenture relating to a particular series of Notes if specified conditions are satisfied. Among other things, our company must deposit money or securities for the payment of all principal of and interest and any other amounts on that series of Notes as well as for the payment of the expenses of the Trustee. The deposited money or securities must be denominated in the currency in which principal of these Notes is payable and, in the case of deposited securities, must constitute direct obligations of Canada or specified provinces of Canada or an agency or instrumentality of Canada.

Amendments and Waivers

The Trust Indenture provides that our company and the Trustee may enter into supplemental indentures (“Supplemental Indentures”) without the consent of the holders of the Notes of any or all series to:

- add limitations or restrictions to be observed upon the amount or issue of Notes, provided that such limitations or restrictions shall not be materially adverse to the interests of the holders of the Notes;
- add covenants for the protection of the holders of the Notes of any series;
- provide for any additional Events of Default;
- make such provisions not inconsistent with the Trust Indenture as may be necessary or desirable with respect to matters or questions arising thereunder, including the making of any modifications in the form of the Notes which do not affect the substance thereof and which it may be expedient to make, provided that such provisions and modifications will not adversely affect the holders of Notes;
- provide for the issue of Notes of any one or more series and establish the form and terms of any series of Notes;
- evidence the succession, or successive successions, of successors to our company and the covenants and obligations assumed by any such successor, in accordance with the provisions of the Trust Indenture; and
- giving effect to any extraordinary resolution or ordinary resolution of the holders of Notes in accordance with the Trust Indenture.

Other amendments and modifications of the Trust Indenture, Supplemental Indentures and Notes may be made by our company and the Trustee with the consent of the holders of not less than 66⅔% (and in certain circumstances, a majority) in principal amount of Notes of all series voting on such amendment or modification and, if the rights of holders of Notes of a particular series of Notes would be affected differently than rights of holders of Notes of other series, not less than 66⅔% (and, in certain circumstances, a majority) in principal amount of Notes of the series so affected by that modification or amendment voting on such amendment or modification, in each case, voting as one class. However, no modification or amendment may, without the consent of the holder of each outstanding Note of the affected series,

- reduce the principal amount at maturity of, extend the fixed maturity of, or alter the redemption provisions of, those Notes;
- change the currency in which those Notes or any premium or accrued interest is payable;
- reduce the percentage in principal amount at maturity outstanding of those Notes that must consent to an amendment, supplement or waiver or consent to take any action under the Trust Indenture, Supplemental Indenture or those Notes;

- impair the right to institute suit for the enforcement of any payment on or with respect to those Notes;
- waive a default in payment with respect to those Notes;
- reduce the rate or extend the time for payment of interest on those Notes;
- affect the ranking of those Notes in a manner adverse to the holders; or
- make any changes to the Trust Indenture, Supplemental Indentures or those Notes that would result in our company being required to make any withholding or deduction from payments made under or with respect to those Notes.

The holders of 66 $\frac{2}{3}$ % in principal amount of the Notes of all series with respect to which an Event of Default shall have occurred and be continuing, voting as one class, may waive any Event of Default, except in the case of a default in payment of principal with respect to the Notes or except, further, in respect of a covenant or provision which cannot be modified or amended without the consent of the holder of each outstanding Note affected.

Global Notes

Notes denominated in Canadian or United States dollars may be issued in the form of fully registered global notes (“Global Notes”) held by, or on behalf of, CDS Clearing and Depository Services Inc. or another corporation performing similar services that is acceptable to the Trustee (the “Depository”) as custodian of the Global Notes and, in such event, Notes will be registered in the name of the Depository or its nominee (a “Nominee”). Purchasers of Notes represented by Global Notes will not receive Notes in definitive form (“Definitive Notes”). Instead, ownership of such Notes will be constituted through beneficial interests in the Global Notes, and will be represented through book-entry accounts of institutions (including the Dealers), as direct and indirect participants of the Depository (“participants”), acting on behalf of the beneficial owners of such Notes. Each purchaser of a Note represented by a Global Note will receive a customer confirmation of purchase from the Dealer from or through whom the Note is purchased in accordance with the practices and procedures of such Dealer. The Depository will be responsible for establishing and maintaining book-entry accounts for its participants having interests in Global Notes.

Currently, CDS Clearing and Depository Services Inc. only allows depository eligibility for securities denominated in Canadian or United States dollars. Any Notes denominated in a currency other than Canadian or United States dollars will be represented by Definitive Notes until such time as the Depository allows depository eligibility for issues of securities denominated in such currencies.

If Global Note(s) are issued and the Depository notifies our company that it is unwilling or unable to continue as depository in connection with the Global Notes, or if at any time the Depository ceases to be a clearing agency or otherwise ceases to be depository and our company and the Trustee are unable to locate a qualified replacement, or if our company elects to terminate the book-entry system, beneficial owners of Notes represented by Global Notes will receive Definitive Notes.

Fixed Rate Notes

Each Fixed Rate Note will bear interest from its original issue date at the rate per annum on the face thereof until the principal amount thereof is paid or made available for payment. Interest on a Fixed Rate Note will be calculated and payable monthly, quarterly, semi-annually or annually in arrears on the dates specified in such Fixed Rate Note, or other such dates as may be agreed to between the purchaser of the Note and our company (each, an “Interest Payment Date”) and at maturity or upon earlier redemption or repayment. Interest Payment Dates will be set forth in the applicable prospectus supplement or pricing supplement for the Fixed Rate Note. Each payment of interest in respect of an Interest Payment Date will include interest accrued to but excluding such Interest Payment Date.

Floating Rate Notes

Each Floating Rate Note will bear interest from its original issue date at rates described in the Floating Rate Note and specified in the applicable prospectus supplement or pricing supplement.

The rate of interest on each Floating Rate Note will be reset monthly, quarterly, or as otherwise specified in the Floating Rate Note and applicable prospectus supplement or pricing supplement. Interest on each Floating Rate Note will be payable monthly, quarterly or as otherwise specified in the Floating Rate Note and applicable prospectus supplement or pricing supplement. Unless otherwise specified in the Floating Rate Note and applicable prospectus supplement or pricing supplement, our company will be the calculation agent with respect to the Floating Rate Notes. Upon request of the holder of any Floating Rate Note, our company will provide the interest rate then in effect.

Payment of Interest and Principal

Interest on each interest bearing Note will be payable on such periodic basis or at maturity and on such date or dates as may be agreed upon by our company and the purchaser of the Note. Payments of interest on each interest bearing Definitive Note will be made by cheque payable on the interest payment date and mailed to the address of, or if so directed by the holder, funds representing the interest payable will be forwarded by electronic funds transfer on the interest payment date to the account of, the holder appearing on the registers maintained by Computershare Trust Company of Canada, as registrar and transfer agent (the “Transfer Agent”, which term shall include such other registrar or transfer agent as may from time to time be appointed by our company) at the close of business in the City of Toronto on the tenth business day (being a day other than Saturday, Sunday, or a day on which financial institutions at the place of payment are authorized or obligated by law or regulation to close) prior to the interest payment date or such other day specified to the Trustee by our company and reflected in a Supplemental Indenture for a particular series of Notes. Payment of principal will be made at any branch in Canada of the bank designated in a Definitive Note against surrender of the Note.

Payment of interest and principal on each Global Note will be made to the Depository or the Nominee, as the case may be, as the registered holder of the Global Note. Interest payments on Global Notes will be made by wire transfer on the date interest is payable and delivered to the Depository or the Nominee, as the case may be, two business days before the date interest is payable. Principal payments on Global Notes will be made by wire transfer on the maturity date delivered to the Depository or the Nominee, as the case may be, at maturity against receipt of the Global Note. As long as the Depository or the Nominee is the registered owner of a Global Note, the depository or the Nominee, as the case may be, will be considered the sole owner of the Global Note for the purposes of receiving payment on the Note and for all other purposes under the Trust Indenture and the Note.

Our company expects that the Depository or Nominee, upon receipt of any payment of principal or interest in respect of a Global Note, will credit participants’ accounts, on the date principal or interest is payable, with payments in amounts proportionate to their respective beneficial interests in the principal amount of such Global Note as shown on the records of the Depository or the Nominee. Our company also expects that such payments of principal and interest by participants to the owners of beneficial interests in such Global Note held through such participants will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in “street name” and will be the responsibility of such participants. The responsibility and liability of our company and the Trustee in respect of Notes represented by

Global Notes is limited to making payment of any principal and interest due on such Global Notes to the Depository or the Nominee.

Payments of interest and principal will be made in the currency in which the Note is denominated unless otherwise specified in the applicable prospectus supplement or pricing supplement.

If the payment date for any amount of principal or interest on any Note is not, at the place of payment, a business day such payment will be made on the next business day and the holder of such Note shall not be entitled to any further interest or other payment in respect of such delay.

Transfers

The registered holder of a Definitive Note may transfer such Note upon payment of taxes incidental thereto, if any, by executing the form of transfer provided on the reverse side of the Note and surrendering the Note to the Transfer Agent at its principal office in the City of Toronto, upon which one or more new Definitive Notes will be issued in authorized denominations in the same aggregate principal amount as the Note so transferred, registered in the name or names of the transferee or transferees.

Transfers of beneficial ownership in Notes represented by Global Notes will be effected through records maintained by the Depository for such Global Notes or the Nominee (with respect to the interest of participants) and on the records of participants (with respect to the interest of beneficial owners other than participants). Beneficial owners of an interest in a Note represented by a Global Note who are not participants in the Depository's book-entry system, but who desire to purchase, sell or otherwise transfer ownership of or other interests in Global Notes, may do so only through participants in the Depository's book-entry system. A purchaser's interest in a Note represented by a Global Note will only be exchangeable for Definitive Notes in the limited circumstances set forth under the subheading "Global Notes" above and in accordance with the procedures established by the Depository or the Nominee.

The ability of a beneficial owner of an interest in a Note represented by a Global Note to pledge the Note or otherwise take action with respect to such owner's interest therein other than through a participant may be limited due to the lack of a physical certificate.

No transfer of a Note will be registered during the 10 business days immediately preceding any date fixed for payment of interest on such Note or payment of the principal amount thereof.

PLAN OF DISTRIBUTION

The Notes may be offered for sale severally and on a continuous basis by one or more of BMO Nesbitt Burns Inc., Casgrain & Company Limited, CIBC World Markets Inc., HSBC Securities (Canada) Inc., Laurentian Bank Securities Inc., National Bank Financial Inc., RBC Dominion Securities Inc., Scotia Capital Inc. and TD Securities Inc. pursuant to an agreement dated June 21, 2007 among such dealers and our company (the "Dealer Agreement") or such other dealers as may be selected from time to time by our company, in each case acting as agent of our company or as principal. Where the Notes are offered by the Dealer(s) as agent(s), the commission payable by our company shall be agreed from time to time between our company and any such Dealer(s). Where the Notes are purchased by the Dealer(s) as principal, the Notes shall be purchased at such prices and with such commissions as may be agreed from time to time between our company and any such Dealer(s) for resale to the public at prices to be negotiated with each purchaser. Such resale prices may vary during the distribution period as between purchasers. Each Dealer's compensation will increase or decrease by the amount by which the aggregate price paid for Notes by purchasers exceeds or is less than the price paid by the Dealer, acting as principal, to our company. The commission payable in connection with sales of Notes shall be no higher than 1.5% and shall be set forth in a prospectus supplement or pricing supplement that shall accompany this short form shelf prospectus. Our company has agreed to reimburse the Dealers for certain expenses and to indemnify each Dealer against certain liabilities.

Our company may also offer the Notes directly to potential purchasers pursuant to applicable statutory exemptions at prices and upon terms negotiated between the purchaser and our company.

Our company and, if applicable, the Dealers, reserve the right to reject any offer to purchase the Notes in whole or in part. Our company also reserves the right to withdraw, cancel or modify the offering of the Notes under this short form shelf prospectus without notice. In addition, the obligations of the Dealers to purchase any particular issue of Notes may be terminated at the discretion of the Dealers upon the occurrence of certain stated events as set out in detail in the Dealer Agreement. However, the Dealers are obligated to take up and pay for all Notes of a particular issue if any of the Notes of that issue are purchased under the Dealer Agreement.

In connection with any offering of Notes, the Dealers may, when acting as an agent or purchasing as principal, over-allot or effect transactions which stabilize or maintain the market price of the Notes offered at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time.

The Dealers may from time to time purchase and sell the Notes in the secondary market but are not obliged to do so. There is no market through which Notes may be resold and purchasers may not be able to resell Notes purchased under this short form shelf prospectus. The offering price and other selling terms for any sales in the secondary market may, from time to time, be varied by the Dealers.

The offering of Notes hereunder is directed only to residents of the provinces of Canada and in the United States in certain circumstances exempt from the provisions of the United States Securities Act of 1933, as amended (the "Securities Act"). The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States except in certain transactions exempt from the registration requirements of the Securities Act, including transactions under Rule 144A under the Securities Act. The Dealers have agreed not to buy or offer to buy, to sell or offer to sell, or solicit any offer to buy any Notes in the United States of America, its territories or possessions except to "qualified institutional buyers" pursuant to the exemption in Rule 144A under the Securities Act. In addition, until 40 days after the commencement of the offering of an issue of Notes, an offer or sale of that issue within the United States by any Dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an exemption under the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

BMO Nesbitt Burns Inc., CIBC World Markets Inc., HSBC Securities (Canada) Inc., Laurentian Bank Securities Inc., National Bank Financial Inc., RBC Dominion Securities Inc., Scotia Capital Inc. and TD Securities Inc. are subsidiaries or affiliates of Canadian chartered banks (the "Banks") which are lenders to our company under an amended and restated credit facility dated August 13, 2004, of up to \$1.0 billion (as amended and restated from time to time, the "Credit Facility") which is used to backstop the issuance of commercial paper. As of June 21, 2007, there was no outstanding Indebtedness under the Credit Facility. Proceeds from the sale of particular series or issues of Notes in which such Dealers are acting as principals or agents may be used to repay Indebtedness under the Credit Facility, on the basis of each Bank's rateable portion of the Credit Facility. Consequently, if and when there is outstanding Indebtedness to the Banks under the Credit Facility, our company may be considered to be a connected issuer of each such Dealer for purposes of the securities laws of certain Canadian provinces. Other than payment of their portion of the commissions, if applicable, or as set forth above in respect of the Credit Facility, none of the proceeds of such offerings of Notes will be applied, directly or indirectly, for the benefit of BMO Nesbitt Burns Inc., CIBC World Markets Inc., HSBC Securities (Canada) Inc., Laurentian Bank Securities Inc., National Bank Financial Inc., RBC Dominion Securities Inc., Scotia Capital Inc., TD Securities Inc. or their affiliates. See "Use of Proceeds".

USE OF PROCEEDS

The net proceeds from the sale of Notes will be added to the general funds of our company and, together with funding from other sources, including internally generated funds and other external financings, will be used to finance our company's working capital requirements, to repay outstanding bank loans which may include indebtedness under the Credit Facility, debentures, notes or other Indebtedness, to make advances to subsidiaries of our company, to finance our company's capital expenditure program, to make acquisitions and for other general corporate purposes. Where appropriate, a prospectus supplement or pricing supplement will contain more specific information about the use of proceeds from each sale of Notes. All expenses relating to an offering of Notes, including any compensation paid to the Dealers, will be paid out of our company's general funds. Our company

may from time to time issue debt instruments and incur additional Indebtedness otherwise than through the issue of Notes pursuant to this short form shelf prospectus.

RISK FACTORS

In addition to the other information contained and incorporated by reference in this short form shelf prospectus, a purchaser should consult its own financial and legal advisors and should carefully consider the following risk factors before investing in the Notes. Notes will not be an appropriate investment for a purchaser if the purchaser does not understand the terms of the Notes or financial matters in general. A purchaser should not purchase Notes unless the purchaser understands, and can bear, all of the investment risks involving the Notes. For a discussion of the risks to which our business and industry are subject, please see the section entitled “Risk Factors” in our company’s renewal annual information form and the section entitled “Risk Management and Risk Factors” in our annual MD&A. In addition to those risks, an investment in the Notes is subject to the following additional risks:

We Must Receive Dividends and Other Payments from Our Subsidiaries in Order to Make Payments to Holders of Notes

We are a holding company that has no significant assets or operations other than the debt and equity of our subsidiaries. Our most significant subsidiary is Hydro One Networks Inc., a regulated wholly-owned subsidiary which owns and operates our transmission and distribution assets. We are dependent on dividends, interest, loans and other payments from this and other subsidiaries to meet our debt service and other obligations.

Our subsidiaries are separate legal entities and have no obligation to pay any amounts due under the Notes and, except for their respective obligations under existing intercompany debt obligations owing to us, have no obligation to make funds available to us, whether by dividends, interest, loans or other payments. In addition, these subsidiaries have not guaranteed the Notes. In the event of bankruptcy, liquidation or reorganization of any of our subsidiaries, the creditors of these subsidiaries will generally be entitled to the payment of their claims before any assets are made available for distribution to us, except to the extent that we are recognized as a creditor of those subsidiaries.

Our subsidiaries currently are not restricted in terms of their ability to pay dividends or make other payments to us, other than by solvency provisions under generally applicable Ontario corporate law. However, they could become so restricted in the future by, among other things, other laws as well as agreements to which they may become parties in the future.

The Notes Have No Existing Trading Market and May Be Subject to Trading Price Fluctuations

The Notes are new issues of securities for which there is no existing trading market. We do not intend to list the Notes on any Canadian, U.S. or other securities exchange. We cannot predict whether any trading market will develop for the Notes.

Even if a trading market develops for the Notes, the Notes could trade at prices that may be higher or lower than their initial offering prices, depending on many factors, including prevailing interest rates, our results of operations and financial position, the ratings assigned to the Notes and our other debt securities, and the markets for similar debt securities.

Foreign Currency Risks

An investment in Notes that are denominated or payable in other than Canadian dollars entails significant risks that are not associated with a similar investment in a security denominated in Canadian dollars. Such risks include, without limitation, the possibility of significant changes in rates of exchange between the Canadian dollar and the applicable foreign currency unit, the possibility of the imposition or modification of foreign exchange controls by either the Canadian or foreign governments, and potential illiquidity in the secondary market. These risks will vary depending upon the currency or currencies involved and, where appropriate, will be more fully described in a prospectus supplement.

The Notes will be governed by and construed in accordance with the laws of the Province of Ontario and the laws of Canada applicable therein. A judgment by a Canadian court relating to any Note may be awarded only in Canadian currency and such judgment may be based on a rate of exchange in existence on a day other than the day of payment.

This short form shelf prospectus does not describe all the risks of an investment in the Notes denominated or payable other than in Canadian dollars, and prospective investors should consult their own financial and legal advisor as to the risks entailed with respect thereto. Notes denominated in other than Canadian dollars are not appropriate investments for investors who are unfamiliar with foreign currency transactions.

Interest Rate Risks

Prevailing interest rates will affect the market price or value of the Notes. Generally, the market price or value of the Notes will decline as prevailing interest rates for comparable debt instruments rise, and increase as prevailing interest rates for comparable debt instruments decline. Fluctuations in interest rates may also impact borrowing costs of our company which may adversely affect its creditworthiness.

Changes in Creditworthiness or Credit Ratings

The perceived creditworthiness of our company and changes in credit ratings of the Notes may affect the market price or value and the liquidity of the Notes. In addition, negative changes in our company's credit rating may affect the credit ratings of the Notes.

Risks Associated with Floating Rate Notes

Investments in Floating Rate Notes entail risks not associated with investments in Fixed Rate Notes. The resetting of the applicable rate on a Floating Rate Note may result in a lower interest rate as compared to a Fixed Rate Note issued at the same time. The applicable rate on a Floating Rate Note will fluctuate in accordance with fluctuations in the instrument or obligation or other measure on which the applicable rate is based, which in turn may fluctuate and be affected by a number of interrelated factors, including economic, financial and political events over which our company has no control.

LEGAL MATTERS

Certain legal matters in connection with any offering hereunder will be passed upon by Osler, Hoskin & Harcourt LLP for our company and by Blake, Cassels & Graydon LLP for the Dealers. The partners and associates of the foregoing law firms beneficially own, directly or indirectly, less than one percent of the securities of our company or any associate or affiliate of our company.

AUDITORS, REGISTRAR AND TRANSFER AGENT

The auditors of our company are Ernst & Young LLP, Ernst & Young Tower, P.O. Box 251, 222 Bay Street, Toronto-Dominion Centre, Toronto, Ontario M5K 1J7. Ernst & Young LLP is independent in Ontario in accordance with its rules of professional conduct.

PURCHASERS' STATUTORY RIGHTS

Securities legislation in certain of the provinces of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment. In several of the provinces, securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of

the purchaser's province. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights or consult with a legal adviser.
