

1 **ADDENDUM ON CHANGES TO ACQUIRED LDCs RATE**
2 **SCHEDULE**

3
4 As a result of updates to the evidence needed to reflect the recovery of the costs
5 associated with the transformer ownership allowance as described in Exhibit H, Tab 12,
6 Schedule 49, the volumetric charges for all Acquired LDCs General Service 50 kW or
7 Greater (Demand-Billed) customers has to be increased by \$0.07/kW.

8
9 As an example, for Ailsa Craig, the Distribution Volumetric Rate should be \$9.07/kW,
10 instead of \$9.00 currently shown in Exhibit G2, Tab 6, Schedule 1, page 3.

11
12 The same change to the distribution volumetric rate applies to all Acquired LDC rate
13 schedules provided in Exhibits G2, Tab 6 to Tab 93.

14
15 In the case of Caledon's rate schedules provided in Exhibit G2, Tab 18, Schedule 1, the
16 \$0.07 adder applies to General Service OH – Demand Billed (50 kW or greater) and
17 General Service CH – Demand Billed (50 kW or greater).
