

PREFERRED ROUTE SELECTED FOR THE NEW CHATHAM TO LAKESHORE LINE

HYDRO ONE HOSTS UPCOMING VIRTUAL EVENTS AND SHARES NEXT STEPS

Hydro One has reached a milestone in the Chatham to Lakeshore Line project, a new transmission line that will help accommodate future electricity growth, improve reliability for homes and businesses and support local industries in the region at a time when it is needed most.

Over the past year, we have been conducting a Class Environmental Assessment (EA) to build a new double-circuit 230-kilovolt transmission line from our Chatham Switching Station to the future Lakeshore Switching Station. Through the Class EA process, we have assessed three route alternatives and associated variations by collecting environmental and technical information, as well as input from agencies, First Nations and Haudenosaunee communities, community members, elected officials, interest groups and businesses.

Based on this information gathered and feedback received, **Route Alternative 2A** has been selected as the preferred route for the new transmission line, as shown on the map below or in more detail on our website HydroOne.com/Chatham-to-Lakeshore.

As we reach this milestone in the electricity transmission planning process, we are committed to sharing information and continuing the conversation.

NEXT STEPS:

- Visit our interactive online open house, starting **February 25, 2021** where you will find a series of information boards.
- Join us on **March 11, 2021** for a live presentation and discussion with members of our project team.
- As part of our next stage in the development of the new line, Hydro One will also reach out to owners whose properties will be traversed by the preferred route alternative shortly following the March 11th live discussion. At that time, a dedicated real estate representative will directly connect with you to provide further information on next steps.

VISIT OUR VIRTUAL OPEN HOUSE:

STARTING FEBRUARY 25, 2021

TO VIEW:

Visit chatham-to-lakeshore-openhouse.com

JOIN OUR VIRTUAL LIVE DISCUSSION:

MARCH 11, 2021

7:00 – 8:00 p.m. EST

TO PARTICIPATE:

1. Dial **1-800-785-1615** to join the call and listen to the presentation
2. Visit www.hydroonemeeting.ca to register and view our live stream materials
3. To submit a question in advance, please email your inquiry to Community.Relations@HydroOne.com.

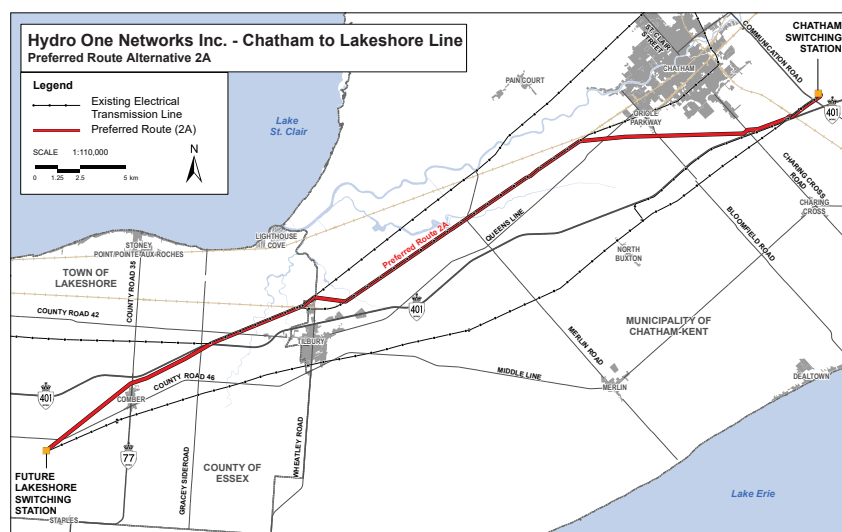

We look forward to having you visit our upcoming events. If you have any questions, please contact Community Relations at:
