WHAT'S NEW

Remotes Works Hard to Help You Save Electricity

In 2011 Remotes and the Northwest Company (NWC Co.) joined together to offer in-store rebates on energy-saving products. Funded by Remotes, the local Northern Stores offer an array of rebates throughout the year in the following communities: Bearskin Lake, Deer Lake, Fort Severn, Kasabonika Lake, Neskantaga, Marten Falls, Sachigo Lake, Sandy Lake, Weagamow and Webequie. Most recently, the Omahamo Store in Kingfisher Lake signed on.

Over the past year we reviewed the program and listened to your feedback about ways to improve the program and to judge its success.

The program was very successful, but we have made a few changes so we can reach even more of our customers and make it easier for everyone to access by:

- Making the Program accessible to all of our customers.
- Allowing the customer to purchase eligible products anywhere.
- Making eligible items available year round.
- Making the application simple and available either at local stores, at your Administration Office or directly through Remotes by calling 1-807-474-2829.
- Mailing in rebate forms to Remotes for review and re-imbursement.

What remains the same?

- The Program is still available for purchases from your local Northern Store.
- Multiple applications or applications with multiple items are acceptable all year round.

INSIDE THIS ISSUE: MAIL-IN REBATE PROGRAM APPLICATION FORM

Enclosed is Remotes' Mail-in Rebate Program Application Form with instructions and guidelines. Keep it handy when shopping.

Effective immediately, we are accepting the mail-in rebate application form(s) and will consider any items you have purchased as of January 1, 2014.

If you have questions, need more copies of the form or wish to apply for mail-in rebates, please email Remotes.Care@HydroOne.com or call 1-807-474-2829.
