

This route refinement is required due to a technical constraint, specifically a pump house.

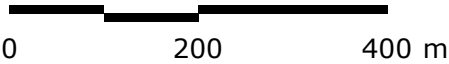

LONGWOOD TO
LAKESHORE
TRANSMISSION LINE

PUMP HOUSE - ROUTE 3

- Proposed Route Centreline 3A
- Proposed Route Centreline 3B
- Proposed Route Centreline 3C
- Previous Alignments
- Existing Transmission Line (115kV)

Sketch plan only.
Subject to final engineering and survey.
Hydro One Right-of-Way for one 500 kV
transmission line is estimated to be 60m (or 197 ft)

SCALE 1:8,000
