

# Powering growth in St. Thomas

Hydro One is part of the exciting growth happening in your community. We're making critical investments to support the Yarmouth Yards Industrial Park and help bring clean, reliable energy to PowerCo Canada's future EV battery cell manufacturing facility.

Connecting power  
and possibility™

## Community drop in: Building the St. Thomas Line

Learn about the construction activities as we get ready to start building the St. Thomas Line Project this spring. We expect to complete the project by the end of 2027.

Join us to meet our project construction team and learn how we plan to build the new transmission line.

Use the QR code to learn more and sign up for our project contact list.
