City of Dryden	2021-03-09	Phone	Incoming	Tyler Peacock	Steven Mantifel	The City of Dryden called Hydro One to inquire about the early contractor involvement (ECI) news release that went out the previous Friday (i.e., March 5, 2021), announcing the contractors Forbes Bros Ltd. and Valard Construction LP. Hydro One provided information on the ECI model and what it means for the development stage. The City of Dryden inquired when the transmission line for the Project would be built, and Hydro One noted they were still awaiting this decision from the Independent Electricity System Operator. The City of Dryden then inquired on how to connect a new industrial load that was interested in setting up shop in Dryden, with a 4MW load.

Canadian Union of Skilled Worker City of Dryden Common Voice Northwest Confederation College/Laborers' International Union of North America (LIUNA) Lakehead University Municipality of Shuniah Northwestern Ontario Prospectors Association Thunder Bay Chamber of Commerce Thunder Bay Community Economic Development Commission Town of Atikokan Township of O'Connor	2021-03-22	Email	Outgoing	Bill Maloney Carol Cline Charla Robinson Iain Angus Jamielee Yawney Jim Vezina John Mason John Wabb Michael Grant Riley Burton Rob Ferguson Terry Varga Tyler Peacock Wendy Landry	Community Relations Inbox Daniel Levitan	Hydro One emailed the Waasigan Community Roundtable attendees to thank them for attending the second Waasigan Community Roundtable meeting held on March 10, 2021. Hydro One provided an email attachment of the draft meeting minutes and requested review by March 26, 2021. Hydro One advised that the presentation materials from the meeting as well as the list of Roundtable participants/organizations were embedded in the minutes. Hydro One requested the members provide their mailing addresses they wish to be reached at and provided a survey for members to provide feedback from the meeting.
City of Dryden	2021-04-22	Email	Outgoing	Debra Kincaid Greg Wilson Roger Nesbitt	Community Relations Inbox	Hydro One emailed the City of Dryden to request a meeting to discuss the Project and provide an update.
City of Dryden	2021-04-24	Email	Incoming	Greg Wilson Roger Nesbitt	Community Relations Inbox	The City of Dryden emailed Hydro One to provide their availability to meet.
City of Dryden City of Thunder Bay Municipality of Oliver Paipooonge Municipality of Shuniah Northwestern Ontario Municipal Association Northwestern Ontario Prospectors Association Thunder Bay Chamber of Commerce Thunder Bay Community Economic Development Commission Town of Atikokan	2021-05-04	Email	Outgoing	Bill Mauro Charla Robinson Dennis Brown Greg Wilson John Mason Lucia Kloosterhuis Michael Grant Wendy Landry	Community Relations Inbox	Hydro One emailed members of the Waasigan Community Roundtable to provide website links for a Project video, featuring a Roundtable member. Hydro One advised that the video had been released as a Facebook advertisement to those living in northwestern Ontario, and would be posted across Hydro One's LinkedIn, Twitter and Instagram accounts on May 10, 2021. Hydro One noted they hope this video helps highlight the need for more electricity in the northwest and opportunities that come along with the Project. Hydro One requested that the municipalities advise if they would like Hydro One to share the social media posts with them directly when they go live.
<b>City of Thunder Bay</b>						
City of Thunder Bay	2020-09-15	Email	Outgoing	Bill Mauro Jeff Howie Norm Gale	Community Relations Inbox	Hydro One emailed the City of Thunder Bay to follow up on the invitation to join the Waasigan Community Roundtable, noting that Hydro One would be pleased if a representative for the City of Thunder Bay would participate.
City of Thunder Bay	2020-09-16	Email	Incoming	Jeff Howie	Community Relations Inbox	The City of Thunder Bay emailed Hydro One to advise that the Project updates previously provided had been sent to the incorrect staff member at the City of Thunder Bay. Correct contact information for the City of Thunder Bay staff member was provided.
City of Thunder Bay Thunder Bay Community Economic Development Commission	2020-09-16	Email	Incoming	Bill Mauro Emergency Management & Training General Inbox Eric Zakrewski Jeff Howie John Mason Jordyn Howie Norm Gale	Community Relations Inbox	The City of Thunder Bay emailed Hydro One to discuss their delegate for the Waasigan Community Roundtable.
City of Thunder Bay	2020-09-16	Email	Outgoing	Jeff Howie	Community Relations Inbox	Hydro One emailed the City of Thunder Bay to apologize for the use of an incorrect email address and noted they had corrected it in their system and thus the appropriate contact would receive future Project emails.
City of Thunder Bay Thunder Bay Community Economic Development Commission	2020-09-21	Email	Outgoing	Bill Mauro Emergency Management & Training General Inbox Eric Zakrewski Jeff Howie John Mason Jordyn Howie Norm Gale	Community Relations Inbox	Hydro One emailed the City of Thunder Bay to inquire who would be the designate for the upcoming Waasigan Community Roundtable.
City of Thunder Bay	2020-09-21	Email	Incoming	Bill Mauro	Community Relations Inbox	The City of Thunder Bay emailed Hydro One to confirm the designate for the City of Thunder Bay would be representing the Community Economic Development Commission at the Waasigan Community Roundtable.
City of Thunder Bay	2020-09-22	Email	Outgoing	Bill Mauro	Community Relations Inbox	Hydro One emailed the City of Thunder Bay to thank them for confirming their representative for the Waasigan Community Roundtable.
City of Thunder Bay	2020-09-29	Email	Outgoing	Dave Paxton Greg Hankkio	Dayna Groom Sarah Cohanim	Hydro One emailed the City of Thunder Bay to advise that Hydro One is preparing for the submission of a ToR for the Project to the MECP. Hydro One noted that the ToR will be made available for review in the coming weeks. Hydro One asked if a hardcopy of the ToR was preferred, and if so, requested an appropriate mailing address be provided. Hydro One noted that the City of Thunder Bay was receiving the Project email because they were identified as part of the Government Review Team for the EA. Hydro One asked that the City of Thunder Bay advise if they no longer wish to be contacted for this Project, or would like to provide an alternate contact.

City of Dryden City of Thunder Bay Municipality of Oliver Paipooonge Municipality of Shuniah Northwestern Ontario Municipal Association Northwestern Ontario Prospectors Association Thunder Bay Chamber of Commerce Thunder Bay Community Economic Development Commission Town of Atikokan	2021-05-04	Email	Outgoing	Bill Mauro Charla Robinson Dennis Brown Greg Wilson John Mason Lucia Kloosterhuis Michael Grant Wendy Landry	Community Relations Inbox	Hydro One emailed members of the Waasigan Community Roundtable to provide website links for a Project video, featuring a Roundtable member. Hydro One advised that the video had been released as a Facebook advertisement to those living in northwestern Ontario, and would be posted across Hydro One's LinkedIn, Twitter and Instagram accounts on May 10, 2021. Hydro One noted they hope this video helps highlight the need for more electricity in the northwest and opportunities that come along with the Project. Hydro One requested that the municipalities advise if they would like Hydro One to share the social media posts with them directly when they go live.
Municipality of Oliver Paipooonge	2021-05-04	Email	Outgoing	Judy Jacobson Lucia Kloosterhuis Wayne Hanchard	Emily Spitzer	Hydro One emailed the Municipality of Oliver Paipooonge to follow up on their request to provide an update presentation on the Project. Hydro One advised that they would be happy to schedule a meeting over the next few weeks.
Municipality of Oliver Paipooonge	2021-05-05	Email	Incoming	Lucia Kloosterhuis Wayne Hanchard	Emily Spitzer	The Municipality of Oliver Paipooonge emailed Hydro One to provide their availability to meet.
Municipality of Oliver Paipooonge	2021-05-12	Meeting		Lucia Kloosterhuis Wayne Hanchard	Community Relations Inbox Emily Spitzer Stephanie Hodsoll Steven Mantifel	Hydro One emailed the Municipality of Oliver Paipooonge to provide a meeting invitation to discuss the Project.
<b>Municipality of Shuniah</b>						
Municipality of Shuniah	2020-09-15	Email	Outgoing	Paul Greenwood Wendy Landry	Community Relations Inbox	Hydro One emailed the Municipality of Shuniah to follow up on the invitation to join the Waasigan Community Roundtable, noting that Hydro One would be pleased if a representative for the City would participate.
Municipality of Shuniah	2020-09-15	Email	Incoming	Paul Greenwood Wendy Landry	Community Relations Inbox	The Municipality of Shuniah emailed Hydro One to inform them their representative would be present at the Waasigan Community Roundtable.
Municipality of Shuniah	2020-09-16	Email	Incoming	Paul Greenwood Wendy Landry	Emily Spitzer	The Municipality of Shuniah emailed Hydro One to confirm that they would be happy to host the ToR document, and that a tablet/e-reader version of the document instead of a hardcopy was okay. The Municipality of Shuniah noted that if someone requests access to the document, they would be asked to wear a mask, and go into Council Chambers, and that they can take the time necessary to review. The Municipality of Shuniah also confirmed that the area would be cleaned before and after every use.
Municipality of Shuniah	2020-09-16	Email	Outgoing	Paul Greenwood Wendy Landry	Emily Spitzer	Hydro One emailed the Municipality of Shuniah to thank them for confirmation that the Municipality would host the ToR on a tablet/e-reader version instead of hardcopy. Hydro One noted the Municipality of Shuniah could anticipate the tablet to arrive at the beginning of October.
Common Voice Northwest Municipality of Shuniah	2020-09-22	Email	Outgoing	Iain Angus Wendy Landry	Community Relations Inbox	Hydro One emailed the Common Voice Northwest to extend an invitation to participate in the Waasigan Community Roundtable. Hydro One provided email attachments of the invitation and Guiding Principles document and requested the Common Voice Northwest confirm their nominee by October 2nd, 2020.
Municipality of Shuniah	2020-09-29	Email	Outgoing	Blair Arthur	Dayna Groom Sarah Cohanim	Hydro One emailed the Municipality of Shuniah Fire Station #1 to advise that Hydro One is preparing for the submission of a ToR for the Project to the MECP. Hydro One noted that the ToR will be made available for review in the coming weeks. Hydro One asked if a hardcopy of the ToR was preferred, and if so, requested an appropriate mailing address be provided. Hydro One noted that the Municipality of Shuniah Fire Station #1 was receiving the Project email because they were identified as part of the Government Review Team for the EA. Hydro One asked that the Municipality of Shuniah Fire Station #1 advise if they no longer wish to be contacted for this Project or would like to provide an alternate contact.

Township of Conmee	2021-04-28	Email	Incoming	Township of Conmee General Inbox	Community Relations Inbox	The Township of Conmee emailed Hydro One to provide their availability for a meeting.
Township of Conmee	2021-05-19	Meeting		Kevin Holland Pat Maxwell	Emily Spitzer Stephanie Hodsoll	Hydro One held a meeting with the Mayor and Clerk at the Township of Conmee to provide an update on the Project. Questions were received regarding if the Project would connect to other transmission lines in northern Ontario, if the power from the Project would feed into southern Ontario, and if the Project would help address transportation costs for businesses to connect to 3-phase power. Hydro One responded to all inquiries, noting that they would follow-up with the Township of Conmee in regard to their last question. Overall, there was a positive response to the Project, due to the broadband possibility and Hydro One's community fund sponsorship.
<b>Town of Fort Frances</b>						
Town of Fort Frances	2020-09-29	Email	Outgoing	Tyler Moffitt	Dayna Groom Sarah Cohanin	Hydro One emailed the Town of Fort Frances to advise that Hydro One is preparing for the submission of a ToR for the Project to the MECP. Hydro One noted that the ToR will be made available for review in the coming weeks. Hydro One asked if a hardcopy of the ToR was preferred, and if so, requested an appropriate mailing address be provided. Hydro One noted that the Town of Fort Frances was receiving the Project email because they were identified as part of the Government Review Team for the EA. Hydro One asked that the Town of Fort Frances advise if they no longer wish to be contacted for this Project or would like to provide an alternate contact.

1. Email sent by Hydro One to advising of preparations to submit the ToR. September 29/October 1, 2020

The following municipalities on the Government Review Team List received this notification:

- City of Dryden;
- City of Thunder Bay;
- Municipality of Oliver Paipoonge;
- Municipality of Shuniah;
- Town of Atikokan;
- Town of Fort Frances;
- Township of Ignace;
- Township of O'Connor; and,
- Town of Rainy River.

2. Email sent by Hydro One providing advanced Notice of Submission of the ToR. October 7, 2020

The following municipalities on the received this notification:

- City of Dryden;
- City of Thunder Bay;
- Municipality of Oliver Paipoonge;
- Municipality of Shuniah;
- Town of Atikokan;
- Township of Conmee;
- Township of Ignace; and,
- Township of O'Connor.

3. Email sent by Hydro One providing the Notice of Submission of the ToR. October 8, 2020

The following municipalities on the Government Review Team List received this notification:

- City of Dryden;
- City of Thunder Bay;
- Municipality of Oliver Paipoonge;
- Municipality of Shuniah;
- Town of Atikokan;
- Town of Fort Frances;
- Township of Ignace;
- Township of O'Connor; and,
- Town of Rainy River.

4. Email sent by Hydro One to advise that the ToR review period had commenced.

October 16, 2020

The following municipalities on the received this notification:

- City of Kenora;
  - City of Dryden;
  - City of Thunder Bay;
  - Municipality of Oliver Paipoonge;
  - Municipality of Shuniah;
  - Municipality of Sioux Lookout;
  - Town of Atikokan;
  - Township of Conmee;
  - Town of Fort Frances;
  - Township of Ignace;
  - Township of O'Connor; and,
  - Town of Rainy River.
5. Email sent by Hydro one to advise that the ToR had been submitted to the MECP.

**Subject:** Waasigan Transmission Line Environmental Assessment - Upcoming Submission of Terms of Reference

Good afternoon,

Hydro One Networks Inc. is preparing for the submission of a Terms of Reference (ToR) for the Waasigan Transmission Line to the Ministry of the Environment, Conservation and Parks, as required under the Ontario *Environmental Assessment Act*. The Project consists of a proposed new double-circuit 230 kilovolt (kV) transmission line between Lakehead Transformer Station (TS) in the Municipality of Shuniah and Mackenzie TS in the Town of Atikokan, and a new single-circuit 230 kV transmission line between Mackenzie TS and Dryden TS in the City of Dryden (see attached map).

The proposed ToR will be made available for review in the coming weeks. A Notice of Terms of Reference Submission will be circulated to the Project stakeholder contact list prior to submission. The Notice will include information on how to access the ToR electronically. **If you require a hardcopy of the proposed ToR, please confirm the number of copies and provide a mailing address to us by Friday, October 2, 2020.** You are receiving this email because you were identified as part of the Government Review Team (GRT) for the Environmental Assessment. If you no longer wish to be contacted for this Project or would like to provide an alternate contact, kindly let us know. Otherwise, you will remain on our contact list.

If you have any questions, or would like additional information, please do not hesitate to contact me. Your input is important to us and we would like to thank you for your continued involvement on this Project.

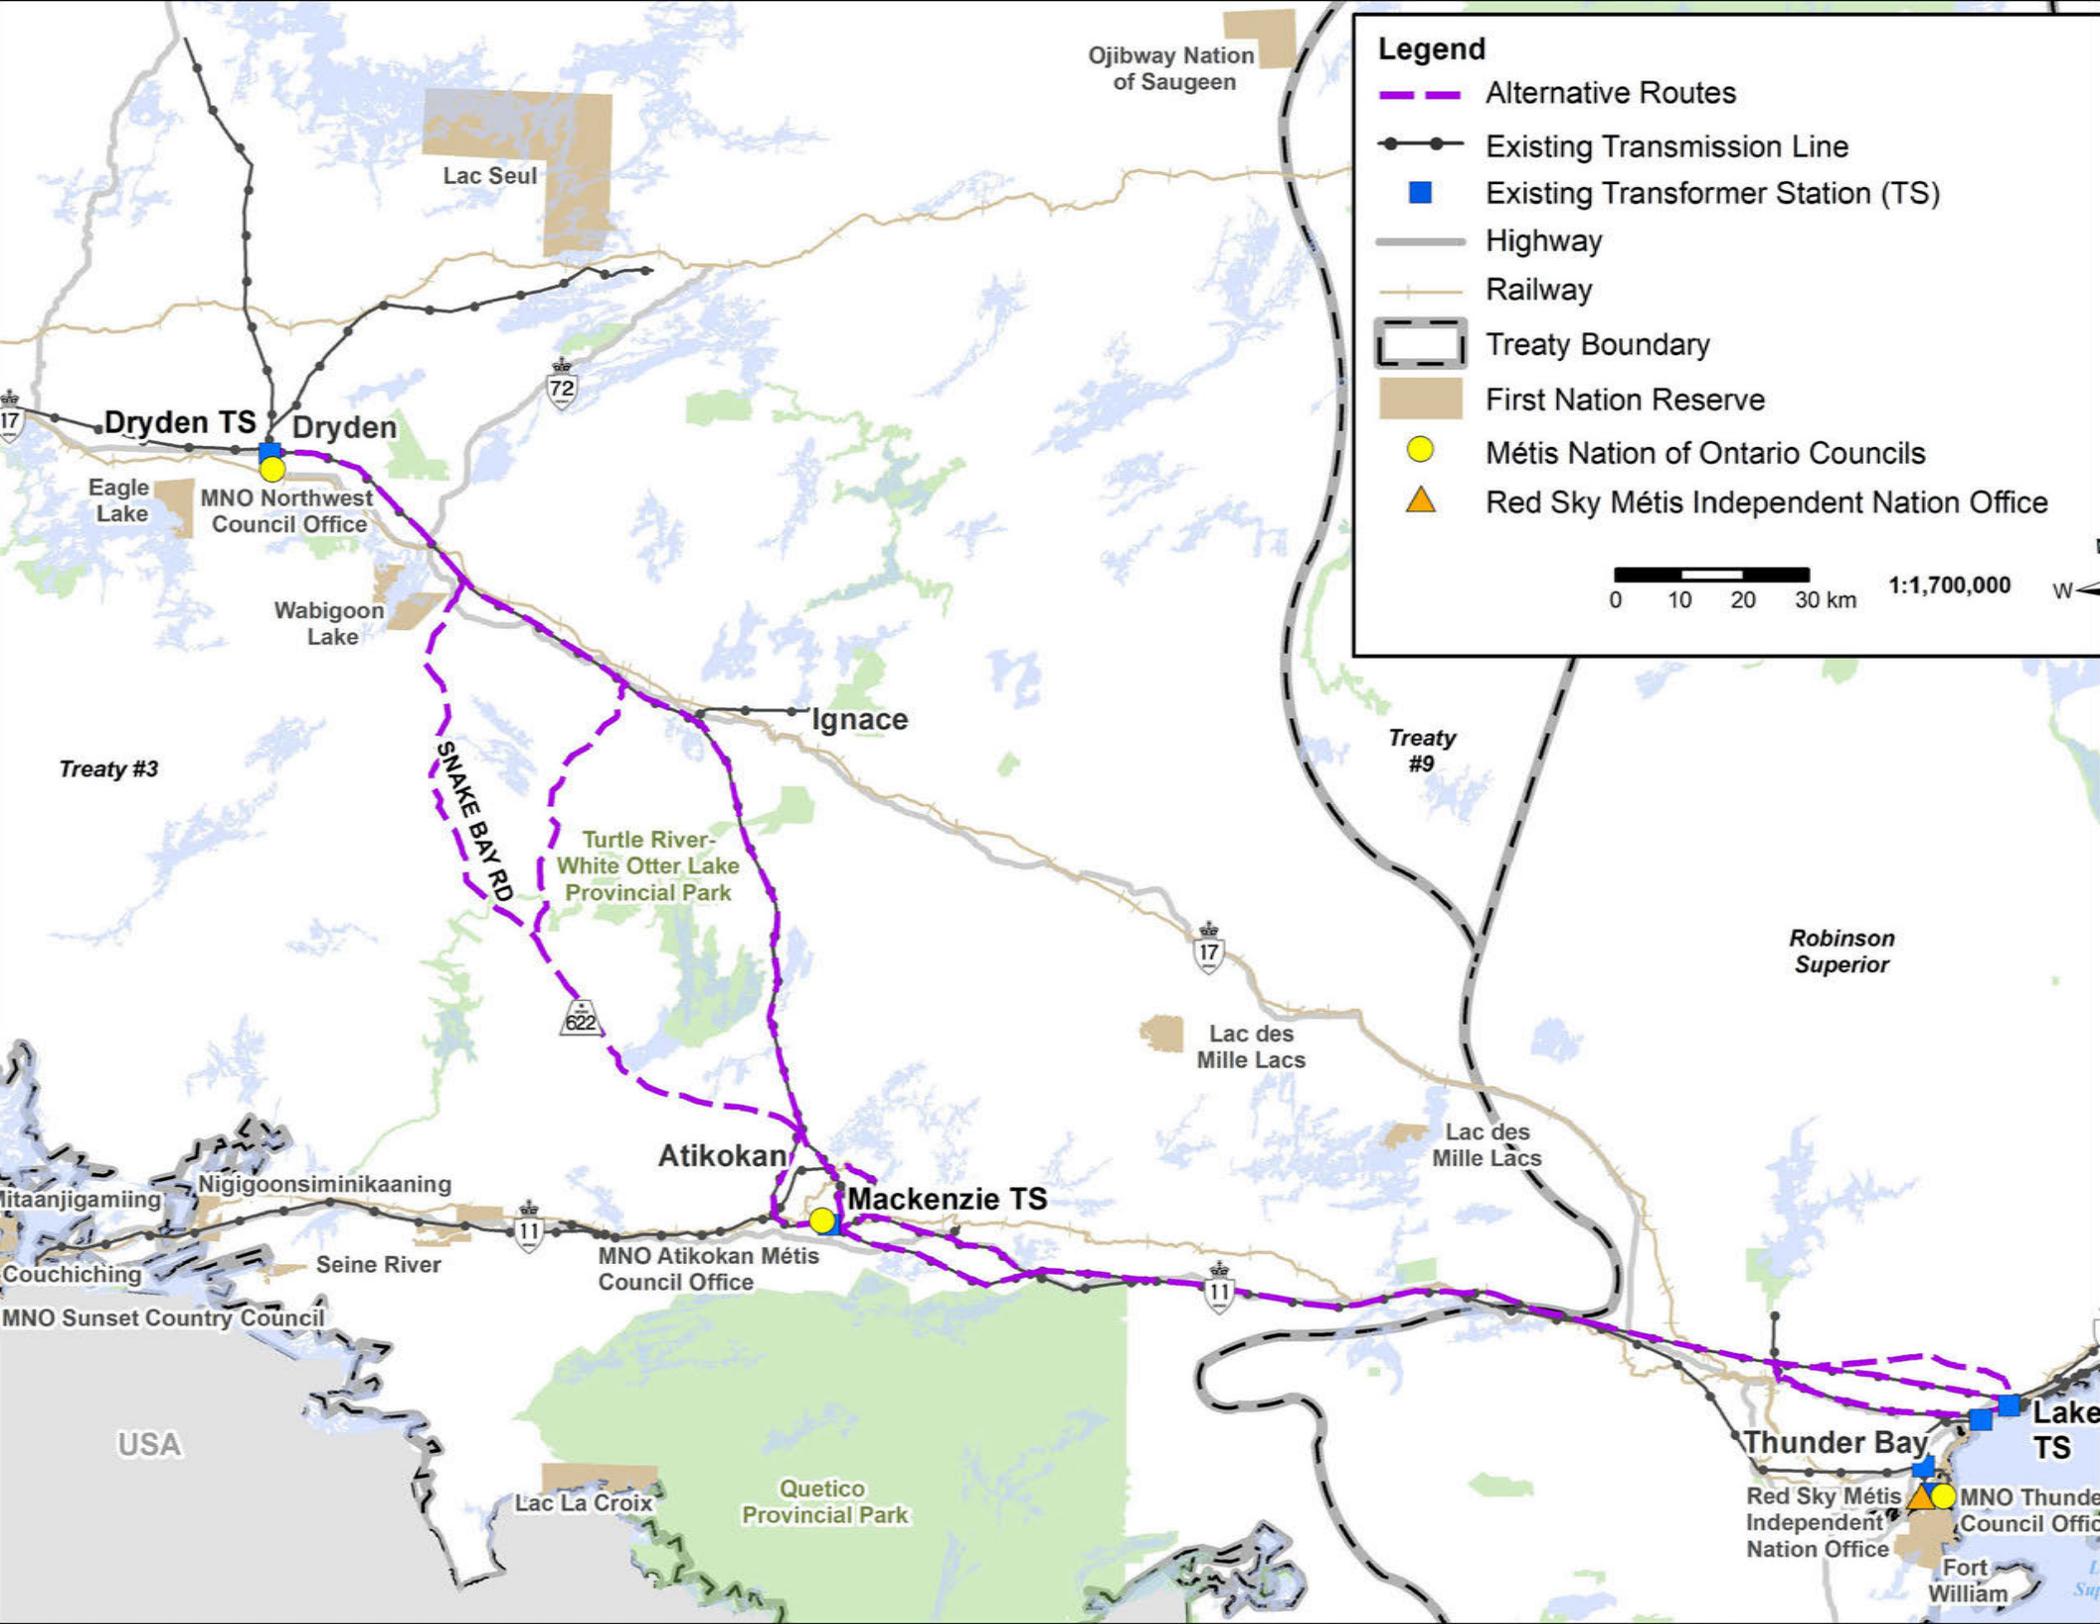

Kind regards,

**Dayna Groom**

Hello [REDACTED],

Hydro One is submitting a Terms of Reference (ToR) to the Ministry of the Environment, Conservation and Parks (MECP) for the Waasigan Transmission Line project environmental assessment on Friday October 16, 2020. Further information is included on the attached notice, which will be distributed to households in the study area, advertised in local media and emailed out to our project contact list next week.

Starting on October 16, the Terms of Reference will be accessible via the Hydro One Project website at [www.HydroOne.com/Waasigan](http://www.HydroOne.com/Waasigan). A hard copy will also be delivered to your municipal office sometime over the next week. You are encouraged to provide your comments on the ToR to the MECP, as outlined on the attached notice, between October 16, 2020 and November 16, 2020.

If you have any questions or concerns, please contact us.

Thank you,

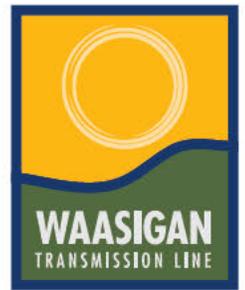

Hydro One Community Relations

If you have received this email in error, please notify the sender immediately by reply email and delete the transmission received by you. This statement applies to the initial email as well as any and all copies (replies and/or forwards) of the initial email

# NOTICE OF SUBMISSION OF TERMS OF REFERENCE

## WAASIGAN TRANSMISSION LINE ENVIRONMENTAL ASSESSMENT - HYDRO ONE NETWORKS INC.

October 16, 2020

Hydro One Networks Inc. (Hydro One) has submitted a Terms of Reference (ToR) to the Ministry of the Environment, Conservation and Parks for the Waasigan Transmission Line (Project) environmental assessment (EA) for review, as required under Ontario's *Environmental Assessment Act*. The Project is a proposed new transmission line between Thunder Bay, Atikokan and Dryden. We encourage you to review the ToR and submit comments, as outlined below.

### EA PLANNING PROCESS

The ToR is the first step in the EA process. The ToR incorporates feedback received during the review and comment period for the draft ToR. If approved by the Minister of the Environment, Conservation and Parks, the ToR will provide the framework for the second step of the process – the preparation of the EA. The EA will evaluate alternative routes to determine a preferred route, as shown on the reverse map, and assess the potential effects of the Project. Consultation and engagement opportunities will be organized throughout the EA and communicated through newspaper advertisements, mailings and on the Project website [www.HydroOne.com/Waasigan](http://www.HydroOne.com/Waasigan).

### PROJECT DESCRIPTION AND PURPOSE

The Waasigan Transmission Line will consist of a new double-circuit 230 kilovolt transmission line between Lakehead Transformer Station (TS) in the Municipality of Shuniah and Mackenzie TS in the Town of Atikokan, and a new single-circuit 230 kilovolt transmission line between Mackenzie TS and Dryden TS in the City of Dryden (please see reverse map). There is anticipated electricity growth in northwestern Ontario and Hydro One is undertaking development work for the Waasigan Transmission Line now to ensure power is available when it is needed.

### HOW TO PROVIDE YOUR FEEDBACK TO THE MINISTRY

Indigenous communities and organizations, agencies, elected officials, members of the public and other interested persons are encouraged to provide comments on the ToR between October 16, 2020 and November 16, 2020. Comments must be submitted **by 5:00 p.m. EST on Monday, November 16, 2020 to:**

#### Carolyn Lee, Special Project Officer

Ministry of the Environment Conservation and Parks –  
Environmental Assessment Branch  
135 St. Clair Avenue West, 1st Floor, Toronto, ON M4V 1P5  
Tel: 416-276-0360  
Fax: 416-314-8452  
E-mail: [Carolyn.Lee@Ontario.ca](mailto:Carolyn.Lee@Ontario.ca)

To access the ToR, visit  
[www.HydroOne.com/Waasigan](http://www.HydroOne.com/Waasigan).  
USB flash drives loaded with the  
ToR are available at:

**Atikokan Public Library**  
214 Burns Street, Atikokan  
807-597-4406

**Dryden Public Library**  
36 Van Horne Avenue, Dryden  
807-223-1475

**Oliver Paipoonge Public Library –  
Murillo Branch**  
4569 Oliver Road, Murillo  
807-935-2729

**Oliver Paipoonge Public Library –  
Rosslyn Branch**  
3405 Rosslyn Road, Rosslyn  
807-939-2312

**Shuniah Municipal Office**  
420 Leslie Avenue, Thunder Bay  
807-683-4545

Please contact the location closest  
to you for hours and to arrange for  
curbside pickup, as needed.

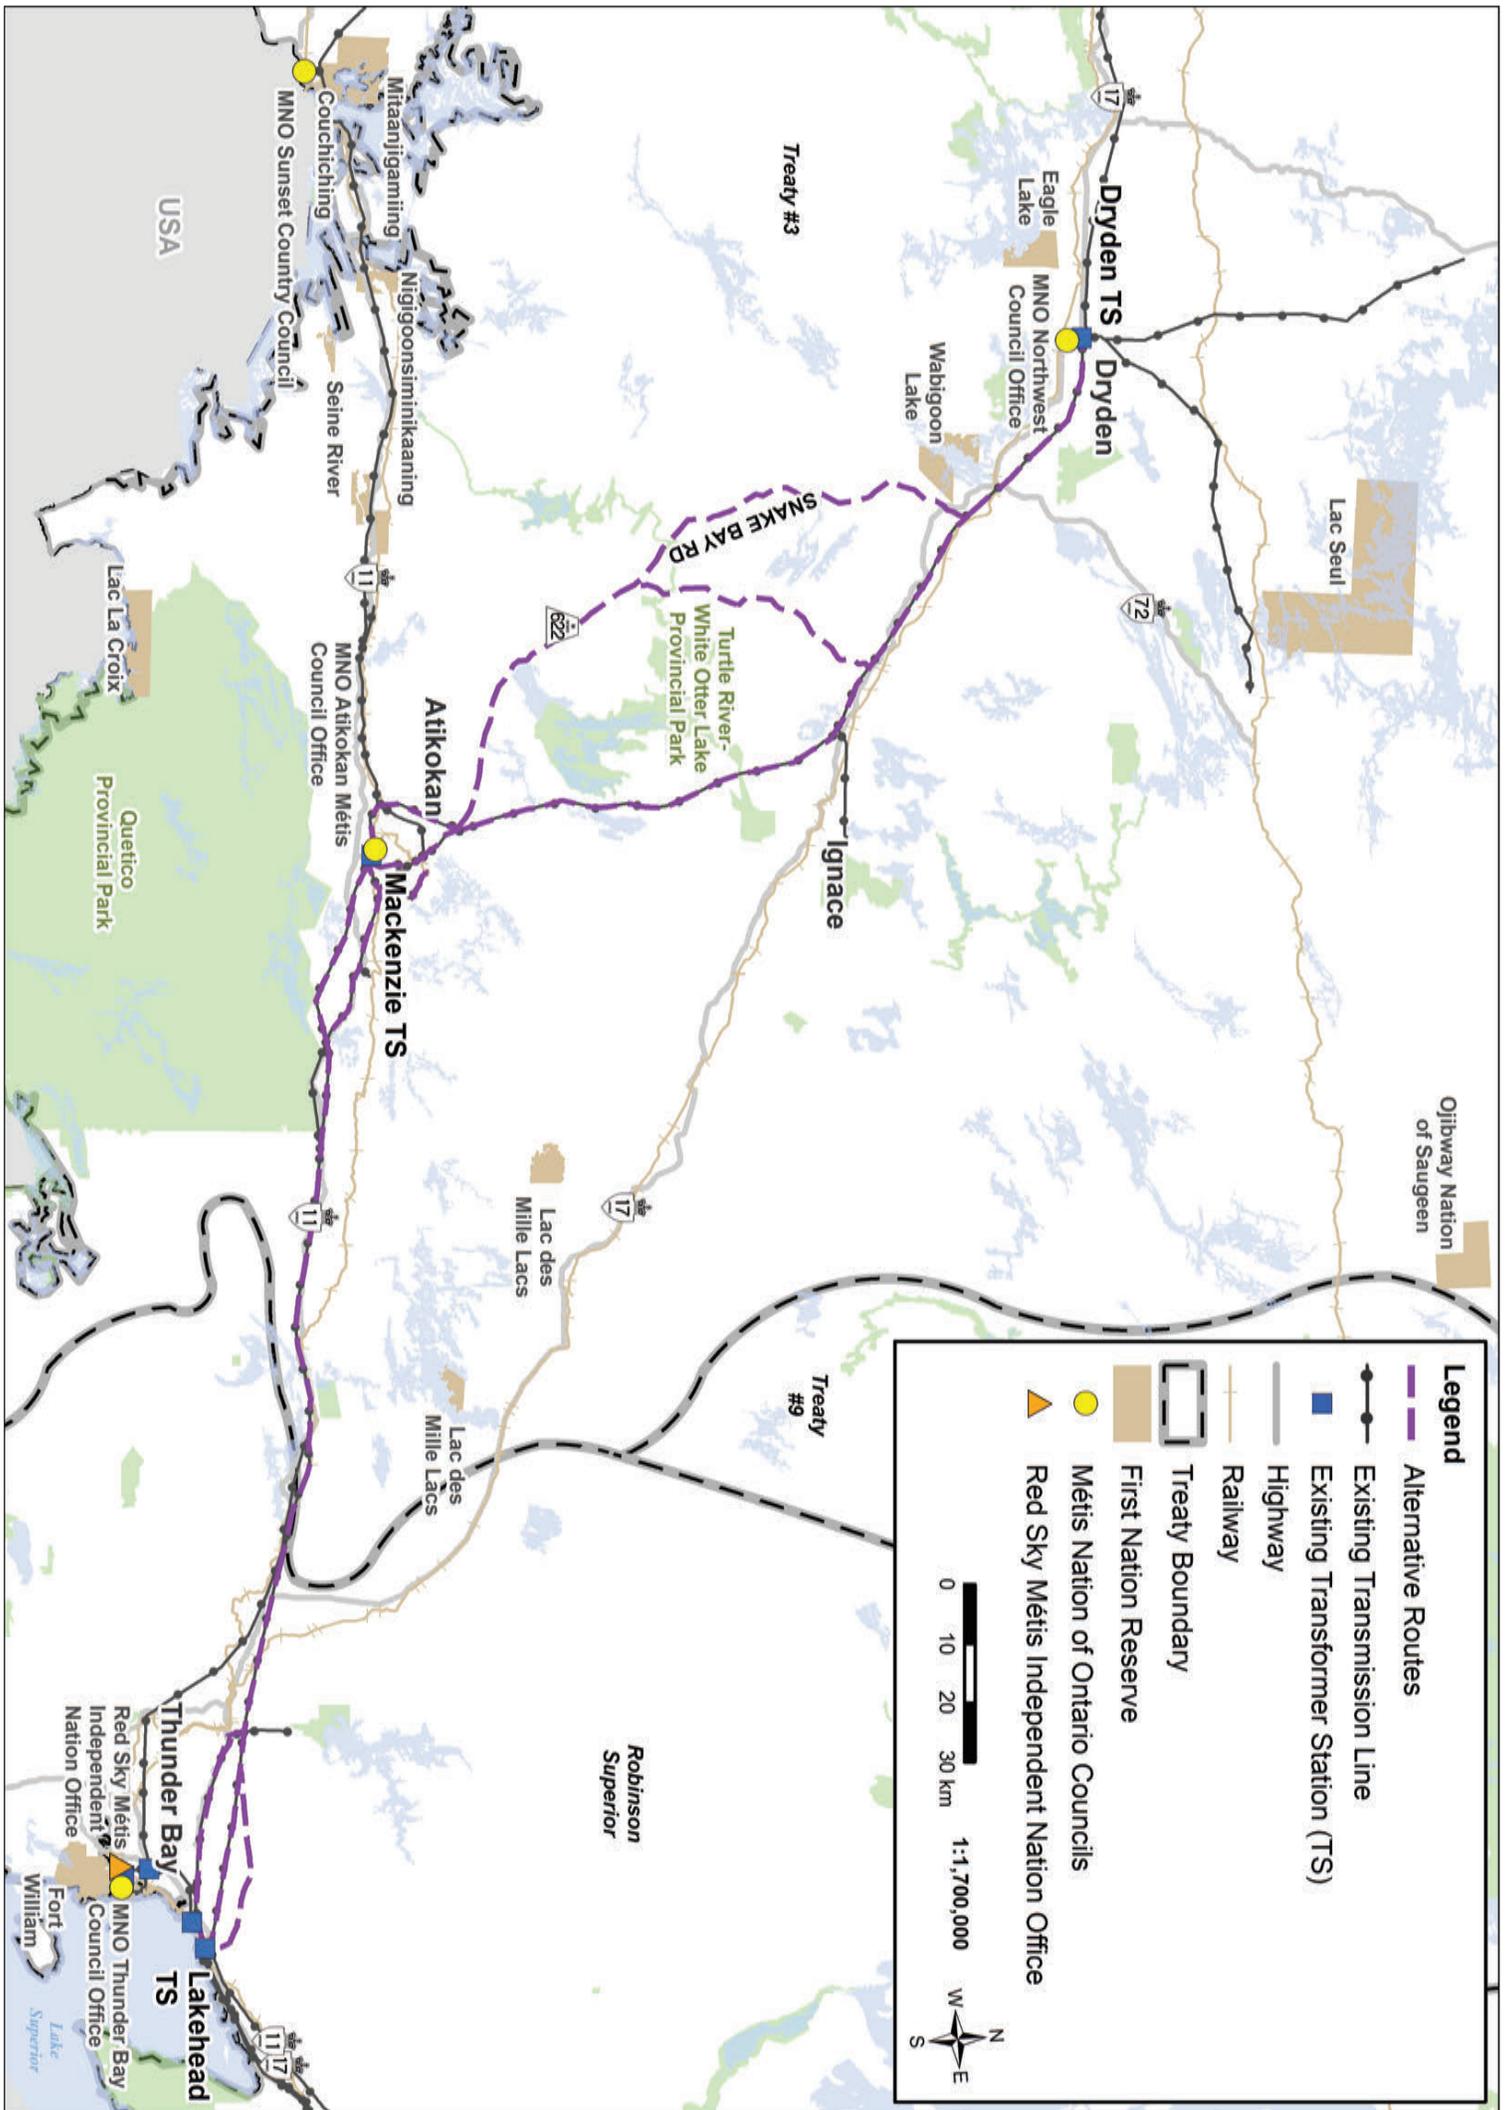

Should the following locations  
re-open during the review period,  
USB flash drives will also be  
available at:

**Ignace Public Library**  
36 Main Street, Ignace  
807-934-2280

**Thunder Bay Public Library –

**Subject:** Hydro One Waasigan Transmission Line - Notice of Terms of Reference Submission

Good afternoon,

Hydro One Networks Inc. (Hydro One) is submitting a Terms of Reference (ToR) to the Ministry of the Environment, Conservation and Parks for the Waasigan Transmission Line (Project) environmental assessment (EA) for review, as required under Ontario's *Environmental Assessment Act*. The Project consists of a new double-circuit 230 kilovolt transmission line between Lakehead Transformer Station (TS) in the Municipality of Shuniah and Mackenzie TS in the Town of Atikokan, and a new single-circuit 230 kilovolt transmission line between Mackenzie TS and Dryden TS in the City of Dryden. Please see attached memo and Notice of Submission of ToR for more information.

You are receiving this email because you were identified as part of the Government Review Team (GRT) for the EA, and we would like to provide you with an electronic copy of the proposed ToR for your review and comment. The ToR will be available for a 30-day review and comment period, from October 16, 2020 to November 16, 2020. The document will be available on the Project website at [www.HydroOne.com/Waasigan](http://www.HydroOne.com/Waasigan) on October 16, 2020. The ToR and supporting documents can now be accessed electronically by following this link – [ToR and Supporting Documents](#).

Comments on the ToR must be submitted **by 5:00 p.m. EST on Monday, November 16, 2020 to:**

Carolyn Lee, Special Project Officer  
Ministry of the Environment Conservation and Parks – Environmental Assessment Branch  
135 St. Clair Avenue West, 1st Floor, Toronto, ON M4V 1P5  
Tel: 416-276-0360  
Fax: 416-314-8452  
E-mail: [Carolyn.Lee@Ontario.ca](mailto:Carolyn.Lee@Ontario.ca)

If you have requested a hard copy of the document, it will be delivered to the address provided. If you would like a hard copy and have not requested one already, please let me know as soon as possible and provide me with the appropriate mailing address.

If you have any questions, please do not hesitate to contact me. We look forward to your continued participation in the Waasigan Transmission Line EA process.

Regards,

# NOTICE OF SUBMISSION OF TERMS OF REFERENCE

## WAASIGAN TRANSMISSION LINE ENVIRONMENTAL ASSESSMENT - HYDRO ONE NETWORKS INC.

October 16, 2020

Hydro One Networks Inc. (Hydro One) has submitted a Terms of Reference (ToR) to the Ministry of the Environment, Conservation and Parks for the Waasigan Transmission Line (Project) environmental assessment (EA) for review, as required under Ontario's *Environmental Assessment Act*. The Project is a proposed new transmission line between Thunder Bay, Atikokan and Dryden. We encourage you to review the ToR and submit comments, as outlined below.

### EA PLANNING PROCESS

The ToR is the first step in the EA process. The ToR incorporates feedback received during the review and comment period for the draft ToR. If approved by the Minister of the Environment, Conservation and Parks, the ToR will provide the framework for the second step of the process – the preparation of the EA. The EA will evaluate alternative routes to determine a preferred route, as shown on the reverse map, and assess the potential effects of the Project. Consultation and engagement opportunities will be organized throughout the EA and communicated through newspaper advertisements, mailings and on the Project website [www.HydroOne.com/Waasigan](http://www.HydroOne.com/Waasigan).

### PROJECT DESCRIPTION AND PURPOSE

The Waasigan Transmission Line will consist of a new double-circuit 230 kilovolt transmission line between Lakehead Transformer Station (TS) in the Municipality of Shuniah and Mackenzie TS in the Town of Atikokan, and a new single-circuit 230 kilovolt transmission line between Mackenzie TS and Dryden TS in the City of Dryden (please see reverse map). There is anticipated electricity growth in northwestern Ontario and Hydro One is undertaking development work for the Waasigan Transmission Line now to ensure power is available when it is needed.

### HOW TO PROVIDE YOUR FEEDBACK TO THE MINISTRY

Indigenous communities and organizations, agencies, elected officials, members of the public and other interested persons are encouraged to provide comments on the ToR between October 16, 2020 and November 16, 2020. Comments must be submitted **by 5:00 p.m. EST on Monday, November 16, 2020 to:**

#### Carolyn Lee, Special Project Officer

Ministry of the Environment Conservation and Parks –  
Environmental Assessment Branch  
135 St. Clair Avenue West, 1st Floor, Toronto, ON M4V 1P5  
Tel: 416-276-0360  
Fax: 416-314-8452  
E-mail: [Carolyn.Lee@Ontario.ca](mailto:Carolyn.Lee@Ontario.ca)

To access the ToR, visit  
[www.HydroOne.com/Waasigan](http://www.HydroOne.com/Waasigan).  
USB flash drives loaded with the  
ToR are available at:

**Atikokan Public Library**

MEMORANDUM

TO: Government Review Team

FROM: Carolyn Lee  
Special Project Officer  
Environmental Assessment Branch

RE: Review of Proposed Terms of Reference for the Waasigan Transmission Line Project  
Environmental Assessment  
EA Reference No. 16055

---

On October 16, 2020, Hydro One will be submitting a Terms of Reference (ToR) for the Waasigan Transmission Line Project Environmental Assessment (EA) to the Minister of the Environment, Conservation and Parks for approval. The ToR is a framework that sets out how Hydro One proposes to assess the potential environmental effects of this proposal in the EA.

The Waasigan Transmission Line is a proposed new double-circuit 230 kilovolt (kV) transmission line between the Lakehead Transformer Station (TS) in the Municipality of Shuniah and the Mackenzie TS in the Town of Atikokan, and a new single-circuit 230 kV transmission line between the Mackenzie TS and the Dryden TS in the City of Dryden.

The goal of the ToR is to promote early identification of potential issues relevant to the completion of an EA for the proposed undertaking to ensure that proponents have clear, concise direction with respect to what is required by key regulatory agencies. This step has considerable benefits for review agencies as it allows for early participation and input.

### **Purpose of this Review**

We are interested in knowing whether you feel your agency's mandated responsibilities would be addressed if the EA were to be completed as proposed in the ToR. Given this, you are asked to focus your review on the identification of any concerns your agency may have with the manner in which Hydro One is proposing to complete their EA.

Should you identify any concerns, please indicate how you feel they could be addressed by modifying the existing ToR. Please indicate any specific modifications to this ToR that you think are necessary to address your agency's mandated responsibilities and provide your comments to the Environmental Assessment Branch. Your comments will be provided to Hydro One for its consideration and response.

If your agency does not have an interest in this project please, complete the attached "Acknowledgement of Receipt" form indicating that your agency's involvement is no longer required for this ToR and/or the future EA preparation process.

The following documents are enclosed:

- Notice of Submission of Terms of Reference
- Terms of Reference for the Waasigan Transmission Line Project Environmental Assessment
- Acknowledgement of Receipt Form.

### **Timing**

In order to ensure consideration within the final decision-making process, please provide your comments to the Environmental Assessment Branch by **November 16, 2020**. Should you have any questions or require additional information, please contact me at 416-276-0360 or by e-mail at Carolyn.Lee@ontario.ca.

Thank you for your participation.

*Carolyn Lee*

Hello [REDACTED],

Hydro One has submitted a Terms of Reference (ToR) to the Ministry of the Environment, Conservation and Parks (MECP) for the Waasigan Transmission Line project environmental assessment. Please see the attached notice for more information.

Starting today, Friday October 16, the Terms of Reference is accessible on the project website: [www.HydroOne.com/Waasigan](http://www.HydroOne.com/Waasigan). You are encouraged to provide your comments on the ToR to the MECP, as outlined on the attached notice, between October 16, 2020 and November 16, 2020.

If you have any questions or concerns, please contact us.

Thank you,

# NOTICE OF SUBMISSION OF TERMS OF REFERENCE

## WAASIGAN TRANSMISSION LINE ENVIRONMENTAL ASSESSMENT - HYDRO ONE NETWORKS INC.

October 16, 2020

Hydro One Networks Inc. (Hydro One) has submitted a Terms of Reference (ToR) to the Ministry of the Environment, Conservation and Parks for the Waasigan Transmission Line (Project) environmental assessment (EA) for review, as required under Ontario's *Environmental Assessment Act*. The Project is a proposed new transmission line between Thunder Bay, Atikokan and Dryden. We encourage you to review the ToR and submit comments, as outlined below.

### EA PLANNING PROCESS

The ToR is the first step in the EA process. The ToR incorporates feedback received during the review and comment period for the draft ToR. If approved by the Minister of the Environment, Conservation and Parks, the ToR will provide the framework for the second step of the process – the preparation of the EA. The EA will evaluate alternative routes to determine a preferred route, as shown on the reverse map, and assess the potential effects of the Project. Consultation and engagement opportunities will be organized throughout the EA and communicated through newspaper advertisements, mailings and on the Project website [www.HydroOne.com/Waasigan](http://www.HydroOne.com/Waasigan).

### PROJECT DESCRIPTION AND PURPOSE

The Waasigan Transmission Line will consist of a new double-circuit 230 kilovolt transmission line between Lakehead Transformer Station (TS) in the Municipality of Shuniah and Mackenzie TS in the Town of Atikokan, and a new single-circuit 230 kilovolt transmission line between Mackenzie TS and Dryden TS in the City of Dryden (please see reverse map). There is anticipated electricity growth in northwestern Ontario and Hydro One is undertaking development work for the Waasigan Transmission Line now to ensure power is available when it is needed.

### HOW TO PROVIDE YOUR FEEDBACK TO THE MINISTRY

Indigenous communities and organizations, agencies, elected officials, members of the public and other interested persons are encouraged to provide comments on the ToR between October 16, 2020 and November 16, 2020. Comments must be submitted **by 5:00 p.m. EST on Monday, November 16, 2020 to:**

# WAASIGAN TRANSMISSION LINE

November 2020

With more than 70 years of history and experience building and improving the electrical backbone of northwestern Ontario, Hydro One understands what it means to be a community partner. Electricity demand in the region is expected to grow in the near future and we want to be ready to support continued growth – this is why we are investing in the development work for the Waasigan Transmission Line now.

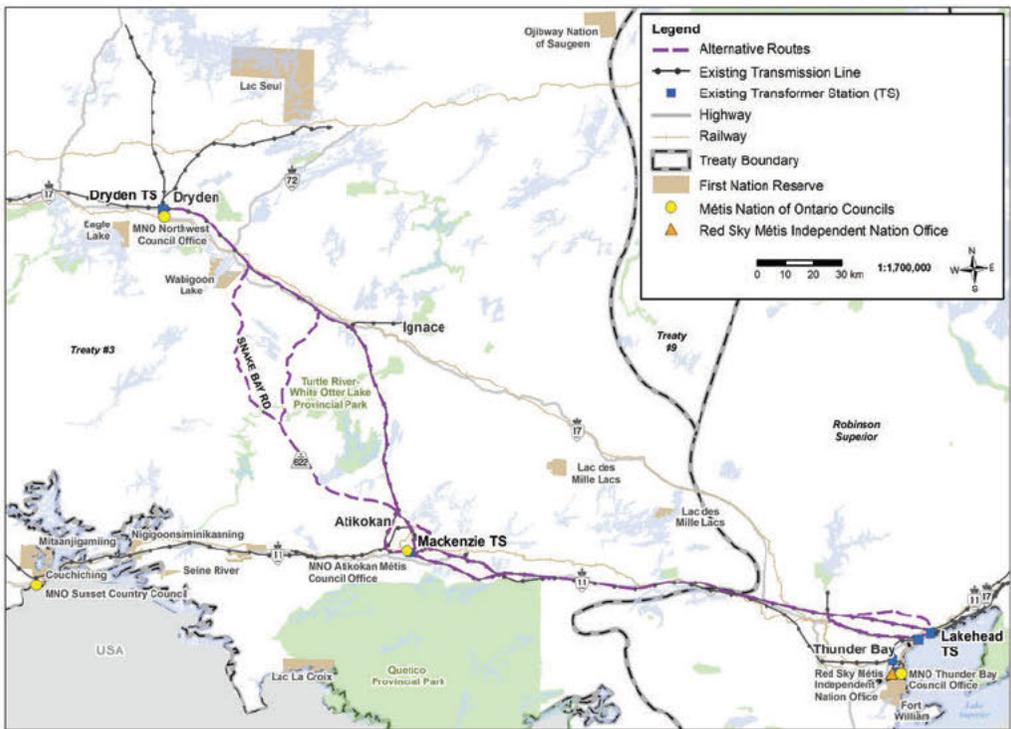

Waasigan, an Ojibwe word for “bringing power”, is a proposed new transmission line between Thunder Bay, Atikokan and Dryden. Building the new line will create opportunities for long-term social and economic benefits to communities across the northwest.

## PROJECT UPDATE

- Hydro One submitted the Terms of Reference to the Ministry of the Environment, Conservation and Parks in October 2020. Pending its approval, Hydro One will initiate the environmental assessment (EA) as outlined in the Terms of Reference.
- Engagement opportunities will be ongoing throughout the EA, starting with opportunities for input into the methods for evaluating the alternative routes (see map below) to select a preferred route, and into the plan for field studies, which are anticipated to begin in spring 2021.
- We are committed to providing opportunities for feedback to ensure your interests are incorporated into project planning. Please contact us to join the project contact list.
- Hydro One is committed to powering economies and connecting northwestern communities. Waasigan is a critical link in unlocking economic potential in the region.

## ALTERNATIVE ROUTES MAP

## BENEFITS OF HYDRO ONE'S PROPOSAL

Training

Developing partnerships

Powering economic growth

Working with Indigenous communities and organizations

For more information, please visit [www.HydroOne.com/Waasigan](http://www.HydroOne.com/Waasigan), or contact Community Relations at [Community.Relations@HydroOne.com](mailto:Community.Relations@HydroOne.com)

# POWERING NORTHWESTERN ONTARIO

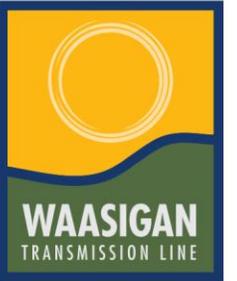

# Agenda

- Overview of the Waasigan Transmission Line project
- What we have heard to date
- Next steps
- Supporting your community
- Open discussion

# How did we get here?

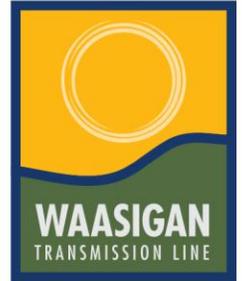

- Future electricity load growth in the west of Thunder Bay region has been identified by the Independent Electricity System Operator (IESO), arising as early as the late 2020s
- IESO is responsible for determining load growth and when that load will be required
- October 2018 –Letter of direction from the IESO
- October 2018 – Letter of Delegation from the Crown
- April 2019 –Hydro One commences the environmental assessment

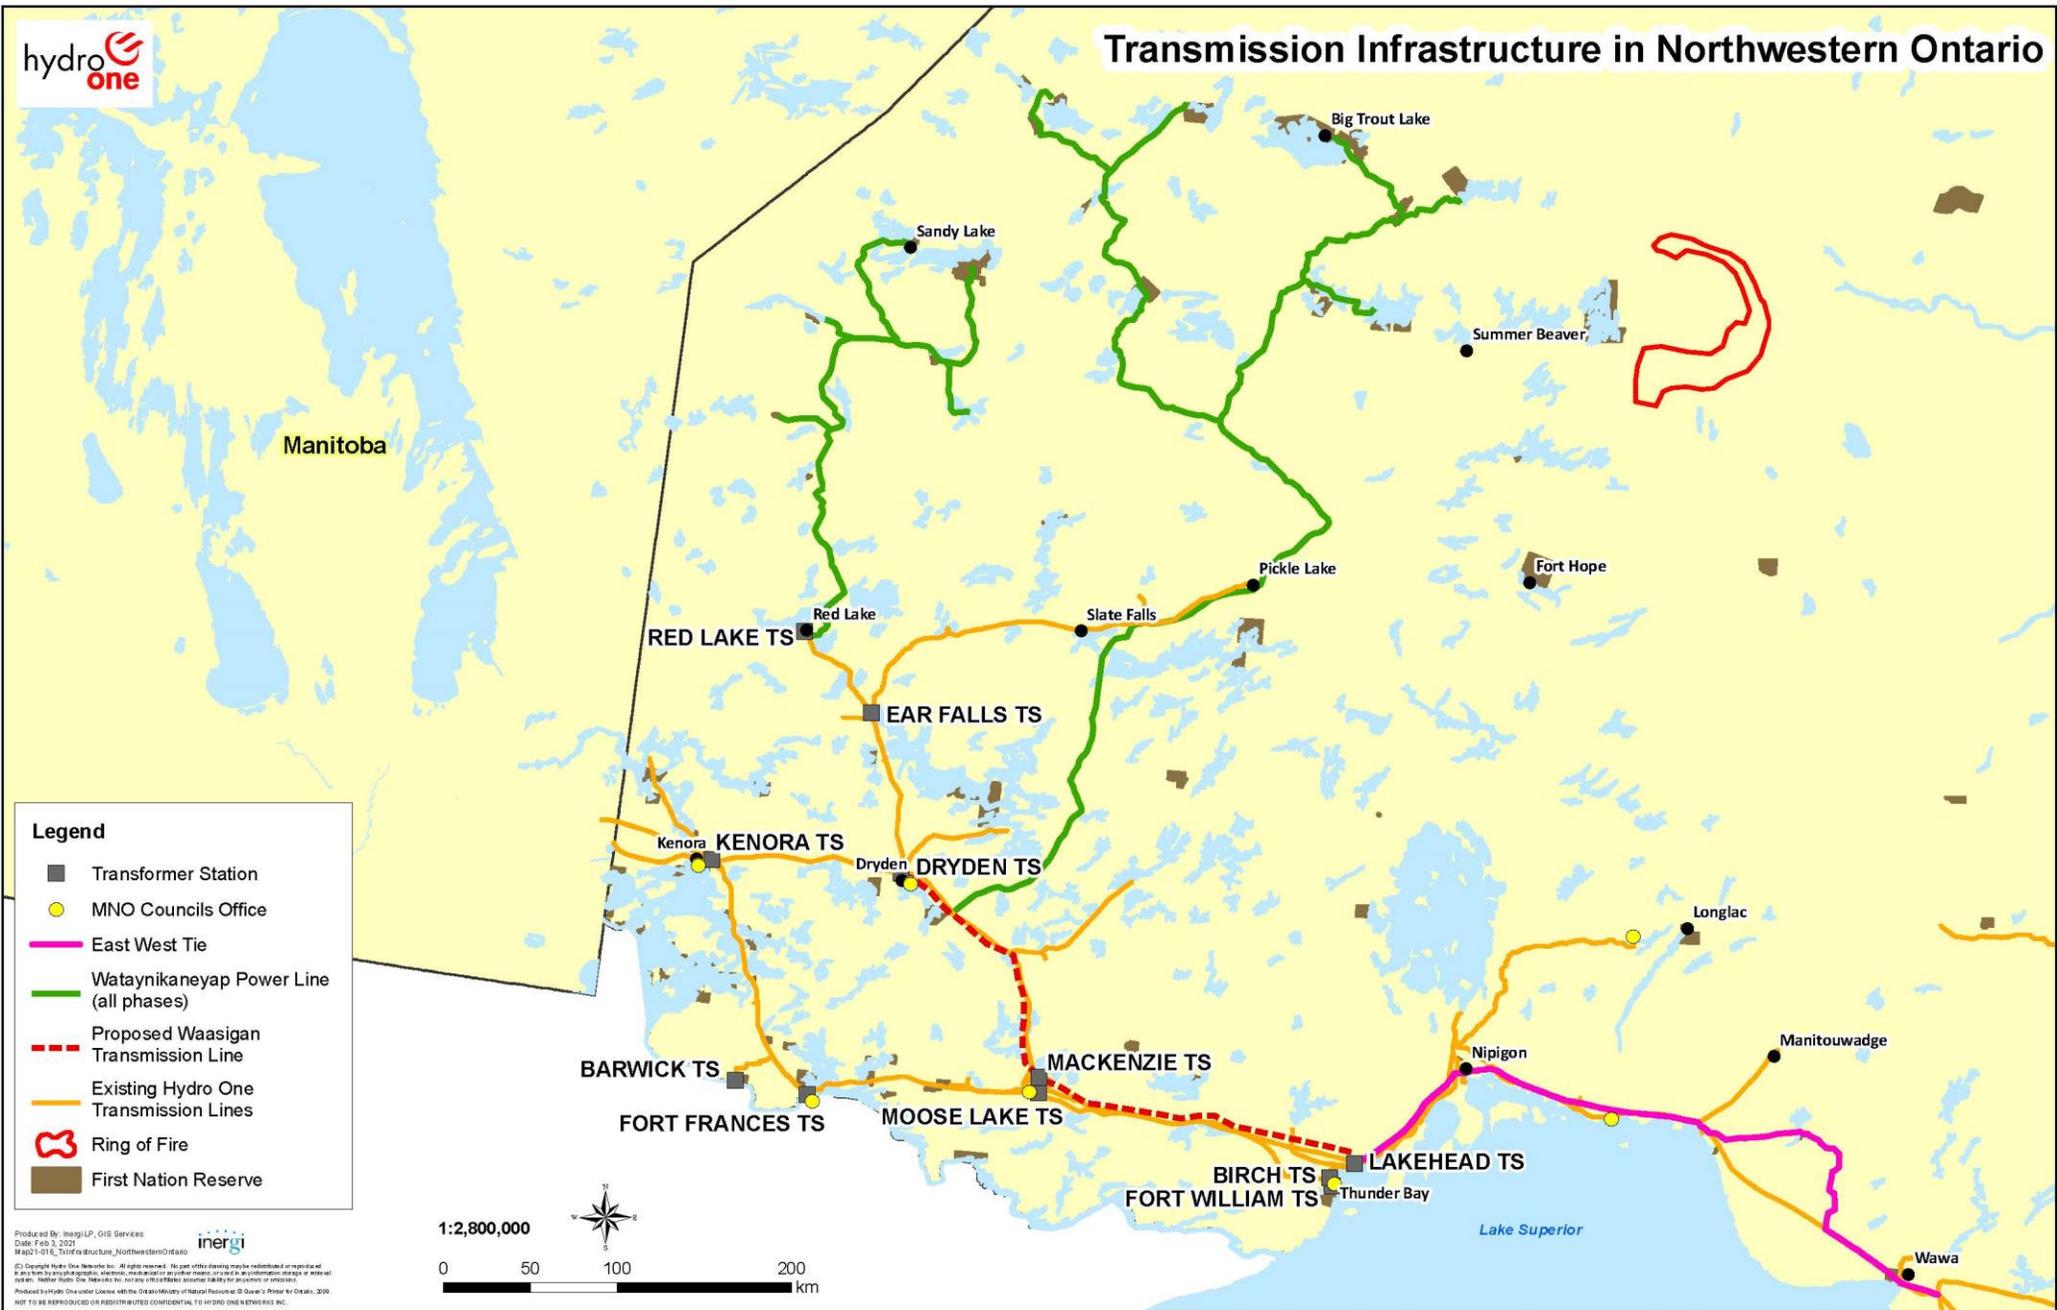

# Waasigan Transmission Line

Waasigan is a proposed new double-circuit 230 kilovolt (kV) transmission line between Lakehead Transformer Station (TS) in the Municipality of Shuniah and Mackenzie TS in the Town of Atikokan, and a new single-circuit 230 kV line between Mackenzie TS and Dryden TS in the City of Dryden.

- Once built, Waasigan will bring an additional 350 megawatts to the region and support planned economic growth in northwestern Ontario.
- Hydro One is committed to developing local training and labour opportunities for the project.

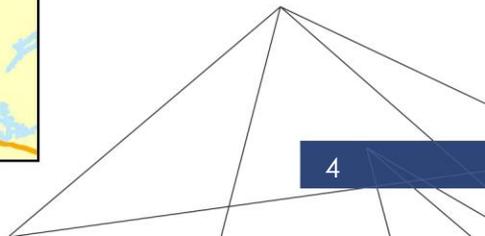

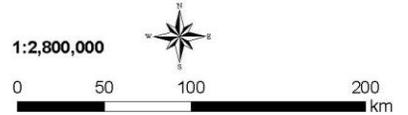

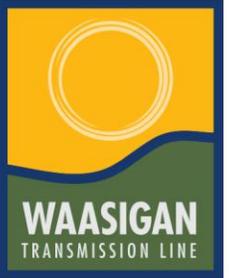

**Legend**

- Transformer Station
- MNO Councils Office
- East West Tie
- Wataynikaneyap Power Line (all phases)

# Environmental assessment

# Since April 2019 our team has...

- Hosted in-person and virtual engagement opportunities.
- Facilitated corridor workshops with government agencies, non-government organizations and Indigenous communities.
- Developed and started rolling out a training and skills development program for Indigenous communities
- Presented to all municipal councils and interested organizations in the study area, and participated at industry events like the NOMA AGM.
- Continued to engage and meet with Indigenous communities.
- Established the Waasigan Community Roundtable.
- Used social media to improve project awareness during the pandemic, reaching over 180,000 in the region.
- Selected Forbes Bros Ltd. And Valard Construction LP to participate in an early contractor involvement process.

# What we've heard

Public input is collected and considered on an ongoing basis via community engagement opportunities.

- How will the project contribute to local economic development?
- Can existing rights-of-way be used instead of a new corridor?
- How will my property be impacted?
- How does broadband tie in with transmission infrastructure?

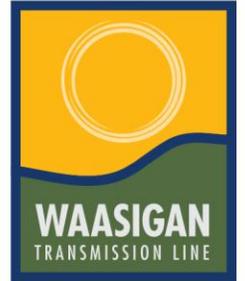

# Next steps: Community engagement

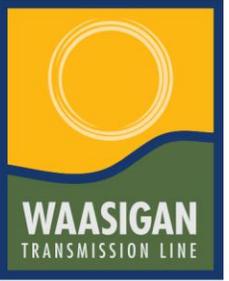

Consultation and engagement are a top priority for Hydro One.

- Virtual engagement session
- Collect and incorporate Indigenous Knowledge into the project
- Evaluating alternative routes
- Local training and labour opportunities for the project
- Ongoing social and traditional media campaigns

We will continue seeking opportunities to hear community feedback, so that we can build a line that respects the interests and needs of your communities.

# THANK YOU
