

# CHANGE IN DATE FOR JUNE 21 THUNDER BAY OPEN HOUSE

Due to scheduling, there has been a date change for the open house planned in Thunder Bay. While initially scheduled for June 21, we will now be hosting it on June 22.

June 15, 2023

On May 17, 2023, Hydro One released the draft Environmental Assessment (EA) Report for the Waasigan Transmission Line project, for public comment and review. The EA captures the process to identify a preferred route, predicts and assesses potential natural environment and socio-economic effects and identifies the actions Hydro One will take to minimize and avoid them.

The draft EA Report is available for public review and comment until July 7, 2023 at 4 p.m. (EDT). We invite you to review the Report and attend our community open houses where we will share information and gather feedback to ensure the transmission line is built with local community interests in mind.

The Waasigan project is a proposed new transmission line between Shuniah, Atikokan and Dryden that, once built, will bring enough energy to power a city twice the size of Thunder Bay.

## HOW TO PROVIDE YOUR FEEDBACK

The draft EA Report is available at [HydroOne.com/Waasigan](https://HydroOne.com/Waasigan) and several locations, as listed on the website.

Comments on the draft EA must be submitted by **July 7, 2023 at 4:00 pm** to Sarah Cohanim, Senior Environmental Specialist, Hydro One at **1-877-345-6799** or **Community.Relations@HydroOne.com**.

Following the review period, the report will be revised to address comments received and a final EA will be submitted to the Ministry of the Environment, Conservation and Parks for final review and decision.

Si vous souhaitez une copie de cette notification en français, veuillez visiter le site Internet du projet ou envoyer un courriel au projet pour en demander une copie.
