WAASIGAN TRANSMISSION LINE COMMUNITY OPEN HOUSES

April 20, 2022

Hydro One is committed to supporting growth in the northwest by building the Waasigan Transmission Line between Shuniah, Atikokan and Dryden. Once built, the new line will add 350 megawatts of electricity to the region – which is more than two times what it takes to power the City of Thunder Bay.

Hydro One is hosting in-person and virtual community open houses to provide opportunities to meet the project team, share updated project information, and collect your feedback.

This project is currently undergoing an environmental assessment, which includes evaluating alternative routes, as shown on the reverse map, to identify a preferred route; assessing potential effects of the project on the environment; identifying measures to minimize and/or eliminate potential negative affects; and incorporating Indigenous knowledge. Your feedback to date has helped shape this project and we want to continue hearing from you so that we can build a line that respects the interests and needs of your communities.

JOIN US IN PERSON

May 3, 2022 – Dryden

5:30 p.m. – 7:30 p.m. CDT, Royal Canadian Legion 63, 34 Queen Street, Dryden

May 4, 2022 – Atikokan
