

**Clarington Transformer Station
Hydro One invites you to attend a Public Information Centre**

January 20, 2015

Dear Resident:

You are invited to attend a Public Information Centre on Wednesday, February 4, 2015 for the Clarington Transformer Station (TS) Project.

This meeting will provide you with detailed information on what can be expected throughout the next stage of the project as we prepare to begin station construction over the coming month.

We encourage you to drop in between 6:00 p.m. and 9:00 p.m. to meet key members of Hydro One's project team. Throughout the evening, our team will be on hand to provide detailed information on the project schedule, construction activities, the hydrology and hydrogeology of the site and Hydro One's landscaping program and biodiversity initiative. A formal Community Liaison Committee meeting is still being planned and details will be available once confirmed.

Our project team will also be pleased to answer your questions and discuss how to best communicate with you during the next phase of construction for this important project.

Please join us on:

Wednesday, February 4, 2015
Solina Community Hall
1964 Concession Road 6, Hampton
6:00 p.m. – 9:00 p.m.

We look forward to seeing you there.
