

Dear Community Liaison Committee (CLC) participant:

Please join our team on **Tuesday, March 7**, for the next Community Liaison Committee meeting. This date has been rescheduled from the previously deferred meeting in November 2016. The meeting will be held from 7:00 pm - 9:00 p.m. at Solina Hall, located at 1964 Concession Road 6, Hampton.

Members of our team are looking forward to meeting with you to share project milestones and provide updates on the annual monitoring report and the Biodiversity and Habitat Plan. To ensure we have enough time to discuss this information as well as topics we've received from committee members, we would like to propose the following agenda items:

Agenda Topics:

Construction Update - Overview of 2016 & Look ahead to 2017
Review of 2016 Annual Monitoring Report & What we saw over the year
Final Wrap up of Permit to Take Water
Review of Storm Water Management System
Review of updated Biodiversity and Habitat Creation plan, which incorporates the feedback we received from the workshop held in May

If there are additional items you would like to see on the agenda, we kindly ask that you forward them to us by February 24, 2017. A proposed agenda for the evening will be distributed and posted on our website on February 28, one week in advance of the meeting.

In addition, we are pleased to inform you that the 2016 Annual report will be made available on our project website on Tuesday, February 21 which will allow members time to review the report in advance of our meeting together.

If you have any questions in the interim, please don't hesitate to contact me. We look forward to seeing you there.

Thank you,

Dana Gardner
