RE: 2019 Annual Monitoring Report for the Minor Transmission Facilities Class EA

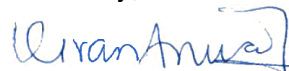

Dear Mr. Chadwick:

Thank you for your March 31, 2020 submission of the 2019 Annual Monitoring Report under the 2016 Class Environmental Assessment (EA) for Minor Transmission Facilities. This submission is in fulfilment of Condition 5 of the Notice of Approval dated November 2016. The report covers 26 projects that are subject to the Class EA and were completed within the 2019 calendar year.

The ministry is satisfied with the responses and has determined that the Annual Monitoring Report fulfils the requirements outlined in the Notice of Approval. This review does not limit the ministry's ability to review the report at a later date or to require an audit. You may now submit your 2019 Annual Monitoring Report for the public record as required by Condition 2 of the Notice of Approval. Your next Annual Monitoring Report is due by April 1, 2021.

Should you have any further questions, please contact Shannon Gauthier, Project Officer, at the Environmental Assessment Branch at 416-314-0897 or Shannon.Gauthier@ontario.ca

Sincerely,

Kiran Anwar
Supervisor
Environmental Assessment Branch
