Dear Mr. Brian McCormick:

Thank you for submitting your proposed Class Environmental Assessment for Minor Transmission Facilities (Class EA) on December 13, 2013 and revisions to the document on June 30, 2014. The ministry has completed its review and I wish to inform you that I have approved your Class EA subject to conditions.

Attached is a signed copy of the Notice of Approval to proceed with the Class EA as required by the Environmental Assessment Act (Act). In giving approval to the Class EA, a number of conditions have been imposed. Hydro One Networks Inc. must ensure that the Class EA is followed in accordance with the requirements of the Act and the conditions outlined in the Notice of Approval.

Some of the conditions require amendments to be made to the Class EA. Once these amendments have been made, the Class EA is to be reprinted and distributed within 21 days of approval of the Class EA, as outlined in Condition 3.

Should you require further assistance please contact Wesley Wright, Project Officer of the Environmental Approvals Branch, at 416-325-5500 or by e-mail at wesley.wright@ontario.ca.

Yours sincerely,
