August 7, 2018

Dear stakeholder:

Hydro One releases revised draft Terms of Reference – Lake Superior Link project

As you may recall, Hydro One released a draft Terms of Reference for the Environmental Assessment of its Lake Superior Link for review and comment from June 11 to July 10, 2018. We have now updated this document to include further comments and feedback from government agencies, Indigenous communities and other stakeholders. This revised draft Terms of Reference is available on Hydro One's project website at www.HydroOne.com/LakeSuperiorLink. We will be accepting any further input on this document until Tuesday, August 21, 2018. Further consultation for the Environmental Assessment process will continue throughout the life of the project.

Should you have any questions or comments, please contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "S. Mantifel".

Steven Mantifel
Manager, Special Projects
