

LEASIDE TO MAIN

INFRASTRUCTURE REFURBISHMENT PROJECT

Dear Neighbour

July 2018

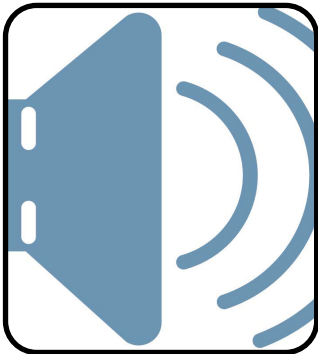

Hydro One is making important upgrades to critical transmission infrastructure in your community that was installed in the 1960s. These upgrades will ensure a reliable, strong supply of power to Toronto Hydro customers.

Hydro One's Leaside to Main project involves replacing two sections of aging underground cable along Main St. and Lumsden Ave.

The next section of work along Main St. will begin south of Main Street TTC Station, across the intersection of Danforth Ave. and along Stephenson Ave. In an effort to minimize disruption to traffic, pedestrians, users of the area and local businesses, work in these areas will be completed overnight from 7 p.m. – 6 a.m. only.

We will continue work along Main St. north of Doncaster Ave. and on Lumsden Ave. between Main St. and Eastdale Ave. during daytime hours. Prior to excavation work beginning outside your home, our construction ambassador will drop by to speak directly with you to provide updates, timelines and take note of any special requirements you may need during construction, including parking.

WHAT TO EXPECT DURING CONSTRUCTION: UPDATE 3

- Work hours will be from 7 p.m. – 6 a.m.
- Noisier activities will be completed before 11 p.m.
- White noise back up alarms on vehicles will be used.
- Lighting will be contained to work space.
- Access to businesses and pedestrian sidewalk on Stephenson Ave. will be maintained.
- Green P street parking on Stephenson Ave. will be restricted.
- Through traffic will not be permitted near the corner of Stephenson Ave. to accommodate construction.
- Traffic control signage and detours will be in place.

KEEPING IN TOUCH

We know construction can be disruptive, and our team is committed to doing all we can to accommodate residents during this project. There are a number of ways to keep in touch:

We are pleased to offer the community two on-site Construction Ambassadors

- Jim Goodfellow, daytime ambassador (6 a.m. to 7 p.m.), 416-414-9438
- Duke Tombia, night ambassador (7 p.m. to 6 a.m.), 416-414-9438
