Dear Ms. Walli:

Re: Hydro One Networks' Request for Leave to Sell Distribution Assets to Cole's Point Resort

Hydro One Networks seeks the Board's approval under Section 86(1)(b) of *the Ontario Energy Board Act* ("the Act"), 1998, for leave to sell assets to Cole's Point Resort. Given that the proposed sale has no material effect on any other party, we ask that the Board dispose of this proceeding without a hearing under Section 21(4)(b) of *the Act*.

The asset being sold in this transaction is described in the attached application and is illustrated in the attached map.

Should you have any questions on this application, please contact Pasquale Catalano at (416) 345-5405 or via email at Pasquale.Catalano@HydroOne.com.

Sincerely,

1.3 If the proposed recipient is not a licensed distributor or transmitter, is it a distributor or transmitter that is exempted from the requirement to hold a distribution or transmission licence?

- Yes
 No

The recipient is not a licensed distributor. While section 57 of the OEB Act (“the Act”) requires a distributor to hold a licence, section 4.0.1(1)(b) of Ontario Regulation 161/99 provides an exemption to section 57 of the Act for a distribution system owned or operated by the distributor, where that distribution system is entirely located on land owned or leased by the distributor. As such, since the assets to be sold are entirely on land owned by the purchaser, 2136109 Ontario Inc., doing business as “Cole’s Point Resort”, it would be exempted from section 57 of the Act.

PART II: DESCRIPTION OF ASSETS TO BE TRANSFERRED

2.1 Please provide a description of the assets that are the subject of the proposed transaction.

The assets to be sold consist of:

- 1. 1 – 1970 – 25 kVA overhead transformer**
- 2. 1 – 1995 – 25 kVA overhead transformer**
- 3. 1 – 1975 – 50 kVA overhead transformer**

2.2 Please indicate where the assets are located – whether in the applicant’s service area or in the proposed recipient’s service area (if applicable). Please include a map of the location.

The assets are located at Cole’s Point Road, Lot 17, Concession 10 in Seymour Township (Please see Attachment 2 – Map).

2.3 Are the assets surplus to the applicant’s needs?

- Yes
 No

If yes, please indicate why the assets are surplus and when they became surplus.

2.4 Are the assets useful to the proposed recipient or any other party in serving the public?

- Yes
 No

If yes, please indicate why.

The transformers are useful only to serve customers of Cole’s Point Resort

2.5 Please identify which utility’s customers are currently served by the assets.

The assets currently serve a Hydro One customer.

2.6 Please identify which utility’s customers will be served by the assets after the transaction and into the foreseeable future.

The asset will continue to serve the same Hydro One customer. After the sale, the asset will be owned by the customer instead of the utility, but Hydro One will continue to supply electricity to this customer.

PART III: DESCRIPTION OF THE PROPOSED TRANSACTION

3.1 Will the proposed transaction be a sale, lease or other?

- Sale
 Lease
 Other

If other, please specify.

3.2 Please attach the details of the consideration (e.g. cash, assets, shares) to be given and received by each of the parties to the proposed transaction.

This is a cash sale. The sale price is \$1,296.72 plus HST \$168.57 for a total sale price of \$1,465.29. The sale price covers the net book value of the assets.

3.3 Would the proposed transfer impact any other parties (e.g. joint users of poles) including any agreements with third parties?

- Yes
 No

If yes, please explain how.

3.4 Would the proposed transfer impact distribution or transmission rates of the applicant?

- Yes
 No

If yes, please explain how.

3.5 Will the transaction adversely affect the safety, reliability, quality of service, operational flexibility or economic efficiency of the applicant or the proposed recipient?

- Yes
 No

If yes, please explain how.

PART IV: WRITTEN CONSENT/JOINT AGREEMENT

4.1 Please provide the proposed recipient's written consent to the transfer of the assets by attaching:

- (a) a letter from the proposed recipient consenting to the transfer of the assets;
- (b) a letter or proposed sale agreement jointly signed by the applicant and the proposed recipient agreeing to the transfer of the assets; or

(c) the proposed recipient's signature on the application.

(a) The letter is found in Attachment 1.

PART V: REQUEST FOR NO HEARING

5.1 Does the applicant request that the application be determined by the Board without a hearing? If yes, please provide:
(a) an explanation as to how no person, other than the applicant or licence holder, will be adversely affected in a material way by the outcome of the proceeding; and
(b) the proposed recipient's written consent to dispose of the application without a hearing.

(a) The line serving the park terminates at the customer's site. The transfer of ownership will have no effect on any other customers connected to the feeder. There will be no changes in the operation of the feeder, therefore no change in service to other customers or persons.

(b) The letter is found in Attachment 1.

PART VI: OTHER INFORMATION

6.1 Please provide the Board with any other information that is relevant to the application. When providing this additional information, please have due regard to the Board's objectives in relation to electricity.

PART VII: CERTIFICATION AND ACKNOWLEDGMENT STATEMENT

7.1 Certification and Acknowledgment

I certify that the information contained in this application and in the documents provided are true and accurate.

Dear Scott Hoefman

This letter is to advise you of the progress that is being made regarding the sale of Hydro One assets in the Coles Point Resort

Based on your response to our initial letter, you have elected to purchase all assets excluding meters.

Within the Coles Point Resort there are three transformers with a net book value of \$1296.72

Please sign below indicating your intention to purchase the assets as noted above, and return to us in the self addressed envelope. Upon receipt of the signed letter, we will proceed to obtain approval from the Ontario Energy Board. Obtaining Ontario Energy Board (OEB) approval could take 12 - 20 weeks..

After official approvals have been obtained, the Coles Point Resort will proceed with the installation of their own load break switch and bring the electrical system within the park up the Electrical Safety Inspection standards, if required, as noted by the report completed by ESA. Hydro One will install a primary metering unit, to meter the park.

The Coles Point Resort agrees to purchase all assets now owned by Hydro One, within the boundaries of the Coles Point Resort for a total price of \$1296.72 plus HST, which will be invoiced after the OEB have granted their approval.

Re: Coles Point Resort

It is our understanding that approval is required by the Ontario Energy Board (OEB) for the sale of assets by Hydro One. Coles Point Resort fully supports Hydro One's actions with the Board to obtain approval of this minor transaction without a hearing.

We would like to expedite this process as ownership of the assets enables us to complete work on the campground.

Furthermore, no other party would be affected by this sale. Therefore, we would appreciate an approval of this transaction as soon as possible.

Thank you for your assistance in this matter.
