

# NOTICE OF A RATE HEARING

## Chatham x Lakeshore Limited Partnership has applied to change its electricity transmission rates

Chatham x Lakeshore Limited Partnership (CLLP) has applied to the Ontario Energy Board (OEB) for approval to change its electricity transmission rates effective January 1 for each of the years from 2026-2029. If the application is approved as filed, a typical residential customer and a typical general service customer would see the following change, effective January 1, 2026:

Rate Class	Monthly Bill Impact
Residential (750 kWh)	-\$0.008 per month
General Service less than 50kW (2,000 kWh)	-\$0.017 per month

CLLP is also requesting to update the cost of long-term debt based on actual issuance and to dispose the balance in the CxL Transmission Line Revenue Requirement Variance Account.

Any change to the provincial transmission rate will be reflected on the delivery line of the electricity bill for all electricity customers in Ontario.

It is important to review the application carefully to determine whether you may be affected by the proposed changes.
