

Connection Cost Agreement (CCA) & Connection & Cost Recovery Agreement (CCRA) Application Form

Hydro One Networks Inc. | CCA Inquires: CustomerCare-CCA@HydroOne.com

Application Submission Instructions

The application form is for requesting a Connection Cost Agreement (CCA) or a Connection & Cost Recovery Agreement (CCRA) from Hydro One Networks Inc. (Hydro One). This application should be used for any Distributed Energy Resource (DER) Applications [i.e. Generators, LDCs, Load Displacement (LD) and Battery Energy Storage Systems (BESS)].
Important Note: Hydro One will only enter into a CCA with a Generator or the Load Customer connected to our system (LD/BESS).

FOR LDCs: Fill in Section A, B, E and F of this application only.

Please send the completed application to Hydro One’s Dx Generation Connections by email or mail:

By Email: DxGenerationConnections@HydroOne.com
Important: If sending the required information by email, please provide all documents in Adobe Portable Document Format (pdf).

By Mail: Hydro One Networks Inc.
 Attn: Dx Generation Connections
 CCA/CCRA Application – Generation Connection
 185 Clegg Road, Markham, Ontario L6G 1B7

Section A – General Information

Date:	<i>mm / dd / yyyy</i>	Hydro One Project ID:

Section B – LDC Information **(ONLY FOR LDC’s APPLYING TO HYDRO ONE FOR CONNECTION)**

Project Name:	
LDC’s Full Legal Name:	

Single Point of Contact for the LDC

Full Name:							
Mailing Address:	Street:						
	City:		Province:		Postal Code:		
Work Number:		Cell Number:		Fax Number:			
E-mail:							

Connection Cost Agreement (CCA) & Connection & Cost Recovery Agreement (CCRA) Application Form

Hydro One Networks Inc. | CCA Inquires: CustomerCare-CCA@HydroOne.com

Section C – Generator Information

Project Name:			
Generator Full Legal Name: <i>Must be identical to all other agreements for this project</i>			
Ontario Corporation Number ("OCN"), as assigned to Corporations):	(nine digits)		
Business Information Number ("BIN", as assigned to Limited Partnership, General Partnerships, Sole Proprietorships):	(nine digits)		
Business Number ("BN", HST Registration Number, as assigned by the Canada Revenue Agency):	(nine digits)		RT 0001

Section D – Generator Contact Information

Single Point of Contact for the Generator		<input type="checkbox"/> Consultant <input type="checkbox"/> Generator <input type="checkbox"/> LDC		
Company Name:				
Full Name:				
Mailing Address:	Street:			
	City:	Province:	Postal Code:	
Work Number:	Cell Number:	Fax Number:		
E-mail:				

Contact Person For Legal Notices **(MUST BE THE GENERATOR OR LOAD CUSTOMER)**

Company Name:				
Full Name:				
Mailing Address	Street:			
	City:	Province:	Postal Code:	
Work Number:	Cell Number:	Fax Number:		
E-mail:				

Connection Cost Agreement (CCA) & Connection & Cost Recovery Agreement (CCRA) Application Form

Hydro One Networks Inc. | CCA Inquires: CustomerCare-CCA@HydroOne.com

Section E – Project/Facility Information					
Connection to Hydro One’s Distribution System					
Project Capacity:	kW	Connection Voltage:	kV		
Station Name:					
Feeder Name:					
Equipment:	Number of Units:	Nameplate Capacity of each unit (kW):	Total Proposed Capacity (kW):		
Project Site: <small>Municipal Address of Customer Site Location</small>	Street:				
	City:	Province:	Postal Code:		
Lot and Concession Number:					
Section F – Documents for Completion and Attachment					
Location and Site Plan <small>Provide Site Plan with approximate line routings for connection to nearby Hydro One’s facilities. The Site Plan should include roads, concession and lot numbers and nearby power lines.</small>		Drawing/Sketch No.			
		Revision No.			
Single Line Diagram (“SLD”) <small>Provide a SLD of the Generating Facility including the Interface Point/Point of Common Coupling (“PCC”) to Hydro One’s distribution system.</small>		SLD Drawing No.			
		Revision No.			
<p>Important Reminder: If any information has changed from the original applications submitted for the Connection Impact Assessment (“CIA”) or Connection Cost Estimate, please re-submit the CIA application form with the changes highlighted in yellow. <u>Please note that any changes could trigger the need for another CIA and/or Connection Cost Estimate.</u> If the CIA and/or the Connection Cost Estimate need to be completed again or revised, it will be at the Generator’s expense and could delay the connection process. The circumstances in which a new or revised CIA and/or Connection Cost Estimate could be required include, but are not limited to: Changes to the generation facility, the connection of other generators to the distribution or transmission system, distribution system upgrades and modifications and transmission system upgrades and modifications.</p>
