GET INSTANT REBATES TO UPGRADE TO HIGH-EFFICIENCY PUMPS

Whether you have well pumps at your home, cottage, or farm, use pumps for farm irrigation or for dairy operations, it's easy to upgrade and start saving.

Get instant rebates, plus all these benefits:

Ongoing energy savings up to 40%*

Guard against equipment wear and tear

Extended equipment life

Easily installed in a day

To qualify for rebates, purchase your pump from a participating contractor or dealer. Rebates are applied at the time of purchase.

one

All program eligibility criteria must be met to participate. *The 40% savings was developed using manufacturers' pump performance curves, 3,000 operating hours per year and a standard flow profile. Actual savings may vary. The AgriPump Rebate Program is a joint program of Hydro One Networks Inc., Niagara Peninsula Energy Inc. and Save on Energy.™ Trademark of the Independent Electricity System Operator. Used under license. The Hydro One & Design trademark is owned by Hydro One Inc.
