Get up to \$2,000 in lighting incentives

The **Small Business Lighting** program is open to Hydro One small business customers:

Retail businesses such as grocery stores, dry cleaners or drug stores

Law, accounting or insurance firms

Restaurants, bars or clubs

Small industrial and manufacturing

Agriculture

Gas stations and convenience stores

We give you a game plan for savings

A qualified energy auditor will visit your business to:

- Evaluate your lighting needs
- Create a customized plan to upgrade
- Provide a detailed estimate
- Calculate your incentive amount

We'll take care of the application and installation process, from beginning to end.

Get the best lighting on the market

Make your workplace more inviting with ENERGY STAR® certified LEDs.

- Use up to 75% less energy
- Bright, durable and versatile
- Last up to 50,000 hours
- An LED for every application

Small business? Big incentives.

Your business may qualify for incentives up to \$2,000 if it has an average demand of less than 100 kW.

Not sure? If your Hydro One bill is measured in kWh (not kW or kVA), your business likely qualifies.

If you previously participated in **Power Savings Blitz** or other **Small Business Lighting** programs, you are still eligible.
